

CHRYSLER

TOWN & COUNTRY

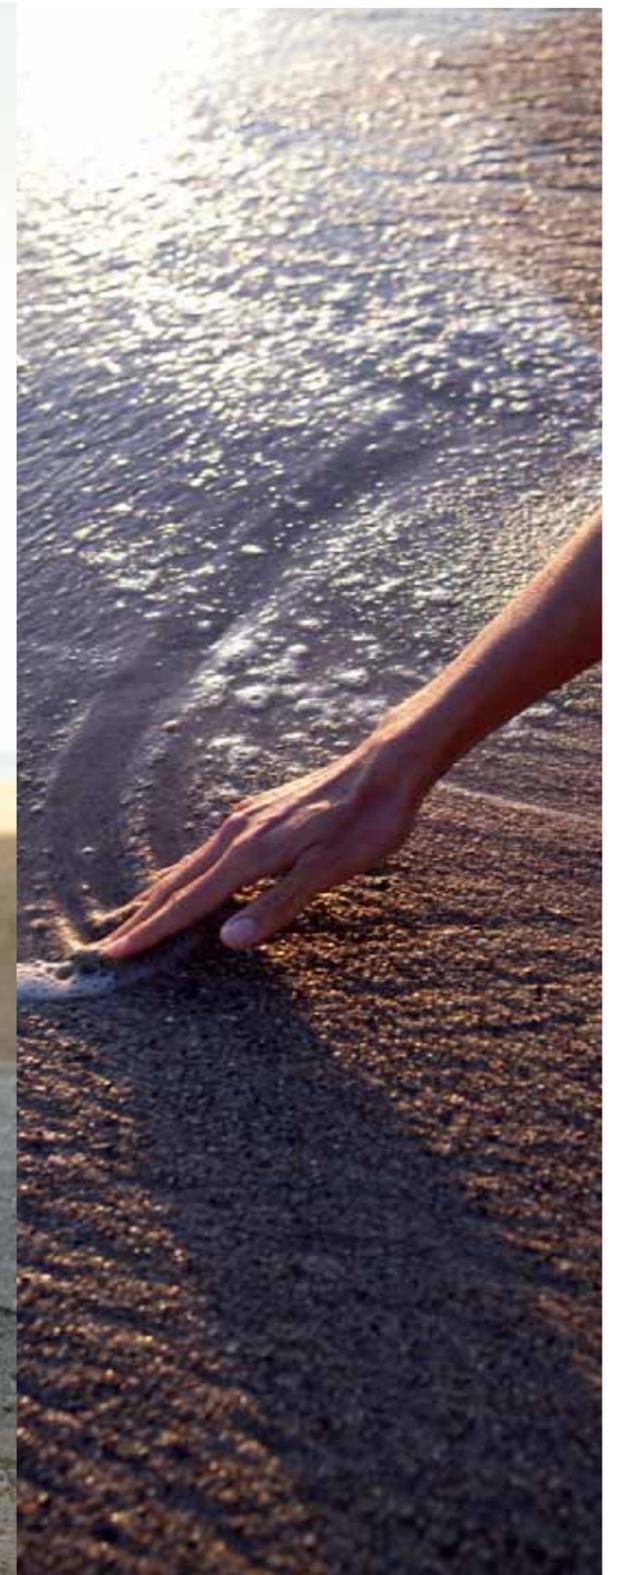

## CONNECT

Sometimes the greatest journeys do not occur between two points. Sometimes, the most memorable trips happen while standing still, taking you from the typical to the magical in moments with the closest of friends and family. Town & Country was born for such journeys. Loaded with innovations that accommodate commutes and adventure with equal ease, it embraces voyages and those who take them like no other vehicle. It shortens the longest of trips with brilliant entertainment. It absorbs the most varied of cargo with inventive storage. It bridges distant points with features that seem to pull them closer. In the end, Town & Country doesn't merely transport you between two points, it connects you to that which you love to do and those who you choose to share your journeys with.

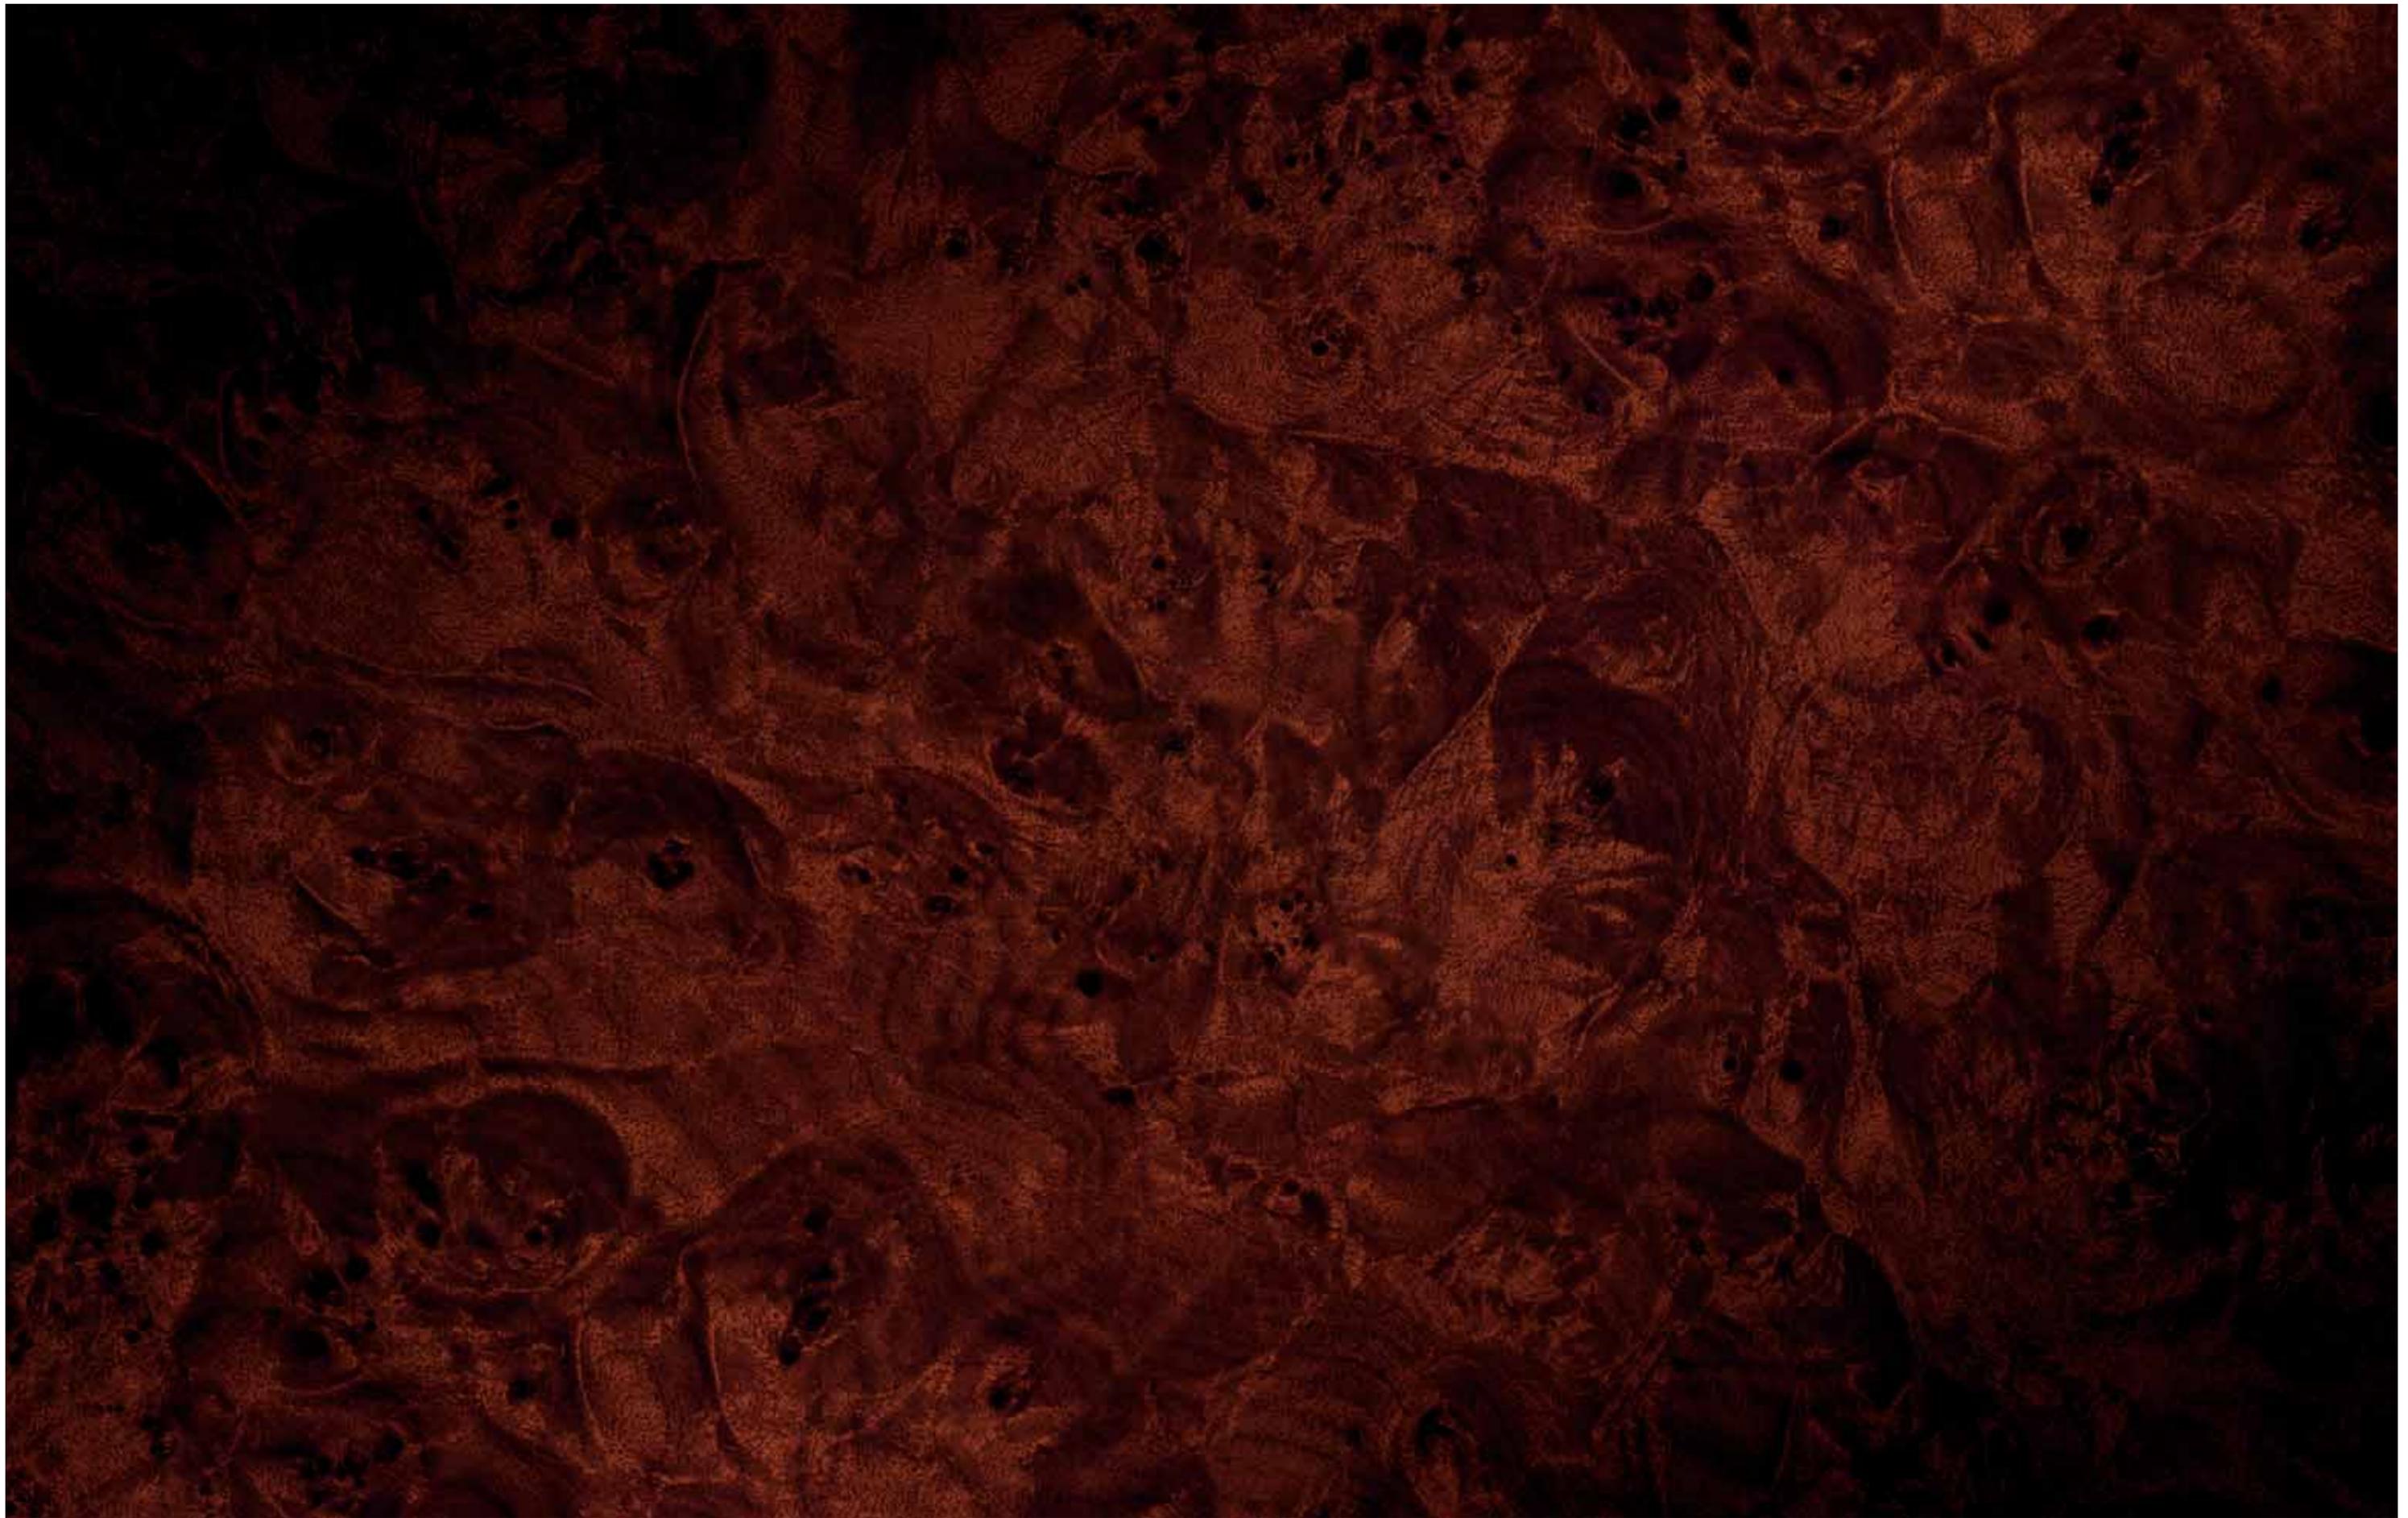

## CONNECT TO ELEGANT DESIGN

The sculpted shape radiates design while slicing through wind, and provides another reason why no other minivan has better fuel economy.<sup>(1)</sup>

Exterior details were designed utilizing the knowledge gained within Chrysler's 100-mph wind tunnel. <sup>(1)</sup>EPA estimated 17 city/25 highway.

CONNECT TO  
**STOW 'N GO®**

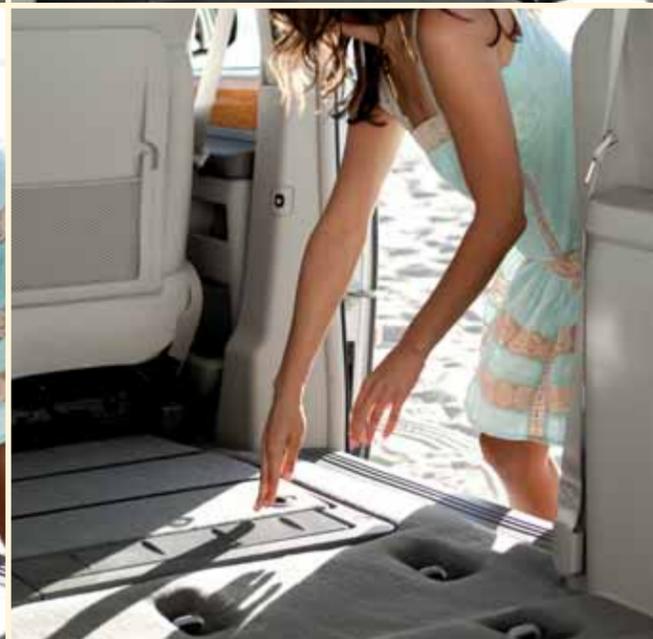

Stow 'n Go is part of Town & Country's best-in-class storage system. With interior touches such as leather-trimmed seating, woodgrain and chrome accents, and power conveniences, it is no surprise Town & Country Limited is the most luxurious minivan.

Select between beautifully crafted seats with leather trim or sturdy cloth with Stain Repel seat fabric.

The legendary Stow 'n Go seating and storage system includes second- and behind the third-row in-floor storage bins. Near endless flexibility comes from the ability to fold the second- and third-row seats into the floor, which gives you a flat cargo floor area with 144.2 cubic feet of room to load your large and bulky items. When the seats are upright, the storage bins below accommodate travel gear, children's toys, and just about anything in between. Best of all, this flexibility never requires removing a seat.

Town & Country's removable table<sup>(2)</sup> can easily be stowed in the second-row floor bin.

## CONNECT TO SWIVEL 'N GO®

Town & Country once again revolutionized interior design with the available Swivel 'n Go<sup>(1)</sup> seating and storage system. The system combines the adaptability of upright seating with outright sociability, using a removable and stowable table<sup>(2)</sup> and second-row seats that rotate 180 degrees and are also removable.

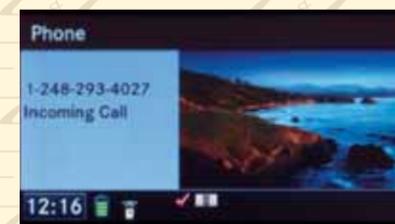

<sup>(1)</sup>Seat must be locked in forward or rearward mode while vehicle is in motion. Child restraints must only be used when seats are in forward-facing mode. Children 12 and under should always be seated in the rear seats properly restrained in a child seat or the vehicle seat belt. <sup>(2)</sup>Tabletop must be installed in base at all times when in use. When not in use, table and base must be properly stowed. Never drive with table installed without properly using your seat belts.

# Uconnect™

This is not merely a radio, this is Media Center 730N AM/FM/CD/DVD<sup>(1)</sup> Radio with 30GB hard drive, GPS navigation, 6.5-inch touch screen, MP3/WMA support, USB input, 4,250 song capacity, SIRIUS® Satellite Radio, SIRIUS Traffic,™ and Voice Command. Uconnect Web<sup>(2)</sup> lets you connect any Wi-Fi-enabled device to the Internet at 3G broadband speeds, allowing multiple passengers to surf the Web. Uconnect Web is an Authentic Chrysler Accessory by Mopar. Subscription required, sold separately. iPod® Control connects most iPod compatible devices to your car's stereo using the in-car cable, then control them with your radio or steering wheel controls. Voice Command lets you select radio stations, satellite radio channels,<sup>(3)</sup> and navigation<sup>(3)</sup> destinations using voice commands. Works with all Uconnect Media Center radios. Included with Uconnect Phone. Uconnect Phone lets you talk on your Bluetooth® compatible phone virtually hands-free. Address Sync<sup>(4)</sup> lets you call anyone in your address book by saying their name.

<sup>(1)</sup>In-dash DVD capability not available in all states. See your dealer for details. <sup>(2)</sup>The Uconnect Web feature is not intended for use by the driver while the vehicle is in motion. <sup>(3)</sup>When satellite radio and navigation features are equipped on your vehicle. Any voice-commanded system should be used only in safe driving conditions and all attention should be kept on the roadway ahead. Failure to do so may result in an accident causing serious injury or death. <sup>(4)</sup>Phone must support Bluetooth Phone Book Access Profile (PBAP).

## CONNECT TO ENTERTAINMENT

Innovative features make Town & Country the Best Family Vehicle Ever.<sup>(1)</sup> Available SIRIUS Backseat TV™ channels provides a never-ending supply of live content on three of the best family-friendly channels. Available dual 9-inch DVD screens pull down from the overhead console and can play independently of each other so one SIRIUS Backseat TV channel and one DVD entertainment source can be viewed simultaneously. Available 115V inverter with auxiliary outlets allow passengers to power their own devices. A sonically enhanced ∞Infinity® Audio System sends 506 watts through nine amplified speakers including a subwoofer.

<sup>(1)</sup>Based on exclusive Stow 'n Go® seating, Swivel 'n Go® seating, and SIRIUS Backseat TV.

## CONNECT TO VERSATILITY

Leave it to Town & Country to make the most of all the flexibility a minivan has to offer with its best-in-class storage system. Just press a button and Town & Country's available third-row power-folding 60/40 split bench seat folds directly into the floor. The resulting 144.2 cubic feet of space is perfect for hauling oversized items. The available power liftgate further simplifies the loading process. The standard removable center console provides four cup holders and can slide forward and backward. Inside, a deep, open storage bin is ideally suited for travel essentials. A dual glove box allows you to organize your items into either of two ample bins.

Properly secure all cargo.

## CONNECT TO QUALITY

Town & Country's fit and finish were subjected to the rigors of extensive noise, vibration, and harshness (NVH) evaluation. The result was a reduction in unwanted sounds and sensations inside and outside the vehicle. Town & Country also uses more Quiet Steel® technology than any other minivan. This leading edge noise and vibration-reducing steel product further dampens unavoidable NVH levels.

## CONNECT TO SAFETY

With features such as Blind Spot Detection System,<sup>(1)</sup> SmartBeam™ intelligent headlamps, Tire Pressure Monitoring System, and more, Town & Country is prepared for life's unforeseen events.

Standard advanced multistage driver and front-passenger air bags<sup>(3)</sup> provide nearly instantaneous front-seat occupant impact protection by matching air bag output to crash severity. Standard supplemental side-curtain air bags<sup>(3)</sup> with roll-sensing technology deploy from the headliner to provide three rows of side-impact protection to all outboard passengers. This technology also keeps air bags deployed longer in the event of a rollover.

The available ParkView® Rear Back-Up Camera<sup>(2)</sup> displays an accurate visual reference of what is behind your vehicle when you are driving in Reverse. Available ParkSense® Rear Park Assist System<sup>(2)</sup> uses audio and visual warnings to assist drivers during reverse parking maneuvers to avoid colliding with most large stationary objects.

<sup>(1)</sup>Blind Spot Detection utilizes sensors in the vehicle bumper which help detect adjacent vehicles which may not appear in vehicle mirrors. Always check visually for vehicles prior to changing lanes. <sup>(2)</sup>Always check entire surroundings visually before backing up. <sup>(3)</sup>The Advanced Front Air bags in this vehicle are certified to the new federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front airbag. All occupants should always wear their lap and shoulder belts properly.

## TRIM LEVELS

**LIMITED.** Not only does it provide unsurpassed fuel economy for a minivan,<sup>(1)</sup> Limited's 4.0L V6 SOHC engine also provides 251 horsepower and 259 lb-ft of torque. From its leather-trimmed seating with suede microfiber accents on down, Town & Country Limited is loaded with an absolute abundance of standard equipment.

**TOURING.** Ride on available 17-inch aluminum wheels or standard 16-inch aluminum wheels. Add everything else you get standard on the LX trim level plus leather-wrapped steering wheel, power adjustable pedals, power doors, power liftgate, roof rack, steering wheel audio controls, fog lamps, bright bodyside molding, and more. Touring is effectively and efficiently propelled by a 3.8L OHV V6 engine linked to a 6-speed transmission.

**LX.** Start with power from a standard 3.3L OHV V6 Flex Fuel engine. Add the legendary Stow 'n Go<sup>®</sup> seating and storage system, four-wheel antilock brake system (ABS), Remote Keyless/Illuminated Entry system, power front windows, power door locks, tilt steering column, and air conditioning.

## SEATING SELECTIONS

**SWIVEL 'N GO<sup>®</sup> INTERIOR.** The available Swivel 'n Go seating and storage system<sup>(2)</sup> offers in-floor storage bins, removable and stowable table,<sup>(3)</sup> and removable second-row seats. The second-row captain's chairs rotate 180 degrees and lock for enhanced face-to-face activities, and also turn outward to help make entering and exiting the vehicle as easy as can be.

**STOW 'N GO INTERIOR.** The legendary Stow 'n Go seating and storage feature, complete with in-floor storage bins and fold-in-floor seats, is now standard equipment on all trim levels. The ability to fold the second- and third-row seats into the floor gives you a flat cargo floor area with 144.2 cubic feet of room for easy loading of all types of cargo without ever having to remove a seat. When the seats are in their upright position, in-floor storage bins are ideally suited to organize your gear.

<sup>(1)</sup>EPA estimated 17 city/25 highway. <sup>(2)</sup>Seat must be locked in forward or rearward mode while vehicle is in motion. Child restraints must only be used when seats are in forward-facing mode. Children 12 and under should always be seated in the rear seats properly restrained in a child seat or the vehicle seat belt. <sup>(3)</sup>Tabletop must be installed in base at all times when in use. When not in use, table and base must be properly stowed. Never drive with table installed without properly using your seat belts.

<sup>(1)</sup>Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. <sup>(2)</sup>Seat must be locked in forward or rearward mode while vehicle is in motion. Child restraints must only be used when seats are in forward facing mode. Children 12 and under should always be seated in the rear seats properly restrained in a child seat or the vehicle seat belt. Tabletop must be installed in base at all times when not in use. When not in use table and base must be properly stowed. Never drive with table installed without properly using your seat belt. <sup>(3)</sup>Booster seat is only for children under 57" tall, between 48 and 85 pounds. Always buckle seat belt properly. <sup>(4)</sup>In-dash DVD capability not available in all states. See your dealer for details. <sup>(5)</sup>SIRIUS service available only in contiguous United States and D.C. Service available in Canada; see siriuscanada.ca. Subscription required after 12-month subscription includes with vehicle purchase. Subscriptions governed by SIRIUS Terms & Conditions available at sirius.com. SIRIUS, XM, and all related marks and logos are trademarks of SIRIUS XM Radio Inc. and its subsidiaries. <sup>(6)</sup>The Advanced Front Air bags in this vehicle are certified to the new Federal regulations for Advanced Air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front airbag. All occupants should always wear their lap and shoulder belts properly. <sup>(7)</sup>Always check visually for vehicles prior to changing lanes. <sup>(8)</sup>Always check entire surroundings visually before backing up. <sup>(9)</sup>No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other can affect. When the ESC warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. <sup>(10)</sup>Must use Bluetooth compatible phone.

**5-Year/100,000-Mile Powertrain Warranty.** Transferable. See dealer for copy of limited warranty. Includes towing to an authorized dealer.

**Warranty.** New Chrysler vehicles are covered by a Chrysler Group LLC 3-year or 36,000-mile Basic Limited Warranty. See your dealer for a copy of this limited warranty. Excludes normal maintenance and wear items.

**Chrysler Auto Insurance.**<sup>(1)</sup> The only insurance guaranteed to repair your vehicle using Authentic Chrysler Collision Repair Parts by Mopar for as long as you own your vehicle – at rates that are tough to beat. Plus, get up to \$100<sup>(2)</sup> in deductible waived when repairs are done at a Chrysler dealership. For a quote, visit [cf.com/insurance](http://cf.com/insurance) or call (877) 244-1531.

**Chrysler Service Contracts.** Chrysler has a vested interest in your satisfaction with your new Chrysler vehicle.
