**BODY OF A MINIVAN.  
SOUL OF A SPORTS CAR.**

When you corral all those horses under the hood, the subject of performance naturally comes up. As it should in the minivan engineered by the same people who bring you the renowned Mazda Miata sports car. This sports-car soul of the Mazda MPV shows in the driving, where the responsive V6 power is the basis for an overall sporty feel. A new 5-speed automatic transmission provides crisp and timely shifts. With rack-and-pinion steering and a suspension tuned for handling, you're ready for those beckoning winding roads. Who says that

only sports cars have the capacity for driving fun? 

200 HORSES AND 7 ADULTS.  
WE'RE TALKING **CAPACITY** HERE.

 [www.MazdaUSA.com](http://www.MazdaUSA.com)

Wherever you see the  symbol, you can get the whole story on our interactive Web site.

ASK ANYBODY.  
THE MORE **POWER** YOU HAVE,  
THE MORE **PULL**.

It's a great feeling when you just touch the gas pedal and wonderful things start to happen.

Especially when you're driving a Mazda MPV. You can take charge of a twisty road (and have a blast doing it). You can bring your whole family in on the fun. You can even arrange to get, say, your personal watercraft up to your favorite lake. Because this is one minivan with really useful towing capacity—up to 3,000 pounds, properly equipped. Then add versatility and cutting-edge style to that kind of pull, and in a Mazda MPV, you could be excused for feeling pretty near all-powerful.

# A NEW GAME FOR YOUR TRIPS: FIND ALL THE FEATURES.

You might even have to drive cross-country and back to complete your list. But then, the thrill of continual discovery is standard equipment on the Mazda MPV. The diagrams here give you a pretty good idea of the exceptional seating and cargo flexibility. You'll also benefit from such unique features as the roll-down windows in the sliding doors—a Mazda MPV exclusive. The sliding doors themselves are easily operated. (They're power on the ES, with a remote control for extra convenience.) Ten beverage holders will keep you from getting thirsty. The cargo well at the back holds your supplies securely. There's even an available seat side table for meals on the go, or for board games. If you still have the time. 📖

The cargo well at the back holds your supplies securely. There's even an available seat side table for meals on the go, or for board games. If you still have the time. 📖

Left: Not only does the Side by Slide™ seat make it easy to switch between a bench and captain's chairs, you can make the switch while seated (when parked).

Right: (1) 3rd-row Tumble-Under™ seat holds three people. (2) The seat can be rotated back to a "tailgate" position. (3) To create a flat cargo area, fold seat forward, (4) then easily flip the whole assembly back. (Vehicle must be parked.)

Most minivans are strictly passenger-centric. Beyond the basic necessities, little thought is given to the driver. Not so with the Mazda MPV. While your passengers are making themselves right at home, you can settle in for serious driving fun.

There's an available 8-way power driver's seat to let you quickly get comfortable. You

have large and highly legible gauges in front of you. Intuitive placement of the shift lever and controls lets you concentrate on the driving, not on finding a switch. There's a great sound system, and you can control many of its functions from convenient buttons on the steering wheel.

You can also open and close the sliding doors with the touch of a button (ES). Essentially,

when driving a Mazda MPV, you're in your own world. A world of quick acceleration, sharp handling, and roads you hope go on and on. 

**YOU WON'T CARE WHETHER  
YOU'RE THERE YET OR NOT.**

mazda LAGUNA SECA RACEWAY

JUST TO BE ON THE **SAFE SIDE,**  
WE'VE MADE **EVERY SIDE** SAFE.

In fact, the Mazda MPV achieved five stars (the best rating) in government side-impact crash tests. Because, in addition to

building in driving fun and versatility, we've also taken extensive steps to keep you and your family safe. Such as our special "Triple H" construction—steel reinforcements at key points that create a safety cage in the body. Inside, front air bags are standard and

side-impact air bags are available. Electronic traction control (std. on ES) helps you master slippery surfaces. And anti-lock brakes (ABS) with Electronic Brakeforce Distribution (EBD) aid in better stopping control.

For your personal security, there's remote keyless entry, including a "panic button" that sounds an alarm. These are just a few of our safety measures; in the Mazda MPV, we've got you surrounded. 

YOUR MAZDA MPV PUTS YOU  
AHEAD OF THE CROWD.  
**THE MAZDA  
DRIVER'S ASSURANCE PLAN**  
WILL KEEP YOU THERE. Look at it this way:

We want your every drive in the Mazda MPV to be just as exhilarating as your first. That's why we engineered our unique and comprehensive Mazda Driver's Assurance Plan just as thoroughly as we designed the car. With it, you'll have the deep level of confidence that comes with a total level of care. 

**The Three Parts Of Our Plan:**

Under our Plan, your time and peace of mind come first. Starting the moment you take the key, your new Mazda MPV is covered by our **36-month/50,000-mile "bumper-to-bumper" limited warranty**. While the car is under warranty, you're automatically enrolled in our **24-hour Emergency Roadside Assistance** program. It's designed to get you going and minimize any inconvenience if the unexpected happens while you're on the road. And if your Mazda MPV is in for a warranty repair, the **Mazda Service Transportation Solution** can typically make sure you have another vehicle to drive.

These are just the basics of the Mazda Driver's Assurance Plan. For complete details, see your Mazda Dealer, or log on to [MazdaUSA.com](http://MazdaUSA.com).
