

LX IN BRIGHT SILVER

It's all about confidence. The confidence to break the mold and start fresh. To create a vehicle that raises the bar for sophisticated style, spirited performance and class-leading safety features, ensure each and every one meets that standard, then back it all up with America's Best Warranty\*—a warranty so impressive, it's unsurpassed by any other car company. Introducing the all-new 2006 Sonata. A Hyundai like you've never seen before. Drive it. And see what it inspires in you.

LX IN EBONY BLACK

- 235-HP, 3.3-LITER ALL-ALUMINUM V6
- CONTINUOUSLY VARIABLE VALVE TIMING
- DOUBLE WISHBONE FRONT SUSPENSION
- MULTI-LINK REAR SUSPENSION
- AVAILABLE P225/50R17 PERFORMANCE TIRES WITH 17-INCH, EUROFLANGE 5-SPOKE ALUMINUM-ALLOY WHEELS
- AERODYNAMIC BODY DESIGN WITH 0.32 COEFFICIENT OF DRAG

**235-HP, 3.3-Liter V6 Engine**

The all-new Sonata V6 models boast an all-new engine. Built in our state-of-the-art U.S. manufacturing facility, the 235-horsepower, 3.3-liter, all-aluminum V6 engine features Continuously Variable Valve Timing and a variable induction system for the perfect balance between performance and efficiency.

**SHIFTRONIC®**

Enjoy more choices and add greater control to your driving experience with the SHIFTRONIC® sport mode, which gives you the option of clutchless manual shifting up and down the transmission range. It's standard on both the 5-speed and 4-speed automatic transmissions.

LX IN BEIGE LEATHER

**Steering Wheel Controls**

Keep your eyes on the road and your hands on the wheel with the GLS and LX's steering-wheel-mounted audio controls. All models also feature steering-wheel-mounted cruise control.

**Automatic Temperature Control**

Sonata LX's fully automatic system with air quality system (AQS) monitors inside cabin temperature and air quality and makes adjustments as needed to maintain optimal comfort.

**Audio Systems**

For great music, all models come with an AM/FM/CD/MP3 audio system with six speakers. The LX offers an optional 6-disc in-dash CD changer with subwoofer and external amplifier.

**Heated Front Seats**

A very welcome feature on frosty mornings or chilly evenings, the Sonata LX's heated front seats are a comfortable luxury you can enjoy anytime at the touch of a button.

The Sonata's well-appointed interior gives you plenty of room to get comfortable, with interior volume classified by the U.S. EPA as a "Large Car," a full class above Toyota Camry and Honda Accord. Yet with all that space, you'll find its ergonomically designed cabin with intelligent placement of driver controls puts everything within easy reach—making every ride all the more pleasant.

LX IN BEIGE LEATHER

- LARGE INTERIOR IS A CLASS ABOVE MIDSIZE COMPETITORS
- 60/40 SPLIT FOLD-DOWN REAR SEATBACK
- TRIPLE-SEALED DOORS
- FLUSH-LOUVERED AIR VENTS
- LX TILT-AND-TELESCOPIC STEERING WHEEL
- LX SLIDING FRONT CENTER ARMREST

LX IN BEIGE LEATHER

**Electronic Stability Control**

This active safety system automatically applies the brakes to individual wheels and adjusts throttle input as required to help keep the vehicle on its intended path.

**Structural Integrity**

Built on an entirely new platform, the 2006 Sonata's robust body structure is intelligently engineered to absorb collision energy. High-tensile steel provides solid structural integrity, while front and rear crumple zones, bodyside reinforcements, hood-buckling creases and an energy-absorbing steering column help protect you in an impact from any direction.

**POWER CONTROLS**

Satisfy your lust for power. Standard features on all the Sonata models include power windows with driver's auto-down, power door locks and dual power heated mirrors. Get easy access to easy cruising with the standard steering wheel-mounted cruise control, which helps you keep your eyes on the road and your right foot happy.

**Active Head Restraints**

Designed to protect in a rear collision, this standard feature helps prevent whiplash by narrowing the space between the heads of the front occupants and their headrests.

LX IN STEEL GRAY

**Air Quality System (AQS)**

As part of the automatic temperature control system in the LX, AQS monitors air quality and automatically switches into recirculation mode when a certain threshold of outside pollution is detected. Once the air clears, the system automatically returns to fresh-air mode.

**HomeLink®**

The electrochromic auto-dimming rearview mirror with compass features a HomeLink integrated transceiver. More than a convenient garage door opener, it can also be programmed to activate your home security, outdoor lighting systems, private gates and more.\* Standard on LX and available on GLS.

- REMOTE KEYLESS ENTRY WITH ANTI-THEFT SYSTEM
- DRIVER'S WINDOW AUTO UP/DOWN WITH PINCH PROTECTION
- SPACIOUS TRUNK WITH MULTI-LINK ARTICULATING HINGES

**Hydraulic Engine Mounts**

To further enhance your driving comfort, both the 4-cylinder and V6 engines feature hydraulic engine mounts, which significantly reduce engine vibration inside the cabin and maintain a smoother idle compared with competitors' conventional mounts.

GLS IN DARK CINNAMON, LX IN POWDER WHITE PEARL

With a completely new look and attitude, the 2006 Sonata is not only redesigned, it's refined. Decidedly larger and even more sophisticated, its confident presence is enhanced by its sleek lines and gleaming finish, manufactured with a unique 18-pass rotary-dip primer process to ensure optimal primer coverage for superior corrosion protection. The result is pure style from the inside out.
