## INTRODUCING SENTRA® SR TURBO

A new 1.6-L Direct Injection Gasoline turbocharged engine, made with revolutionary production techniques, gives Sentra SR Turbo over 50% more horsepower than other Sentra models.<sup>1</sup> And with your choice of a 6-speed manual transmission or the SR Turbo-exclusive CVT with Manual Shift Mode, there's more than one way to put that power directly into your hands. Just grip the leather-wrapped steering wheel, while 17" aluminum-alloy wheels carve up the road ahead.

SR Turbo Xtronic CVT® with Manual Shift Mode

SR Turbo-specific Tuned Steering and Suspension

11.7" Vented Front Disc Brakes

<sup>1</sup>50% more horsepower than CVT-equipped Sentra which produces 124 hp.

## MILES, PERFORMANCE, FUN—GET MORE OF IT EVERY DAY

Sentra takes it to the next level with excellent fuel economy in a roomy, comfortable cabin to give you the most out of each drive.<sup>2</sup> An aerodynamic exterior cuts through the air, while the 1.8-liter engine teamed with a virtually gearless CVT transmission helps maximize efficiency and performance.

Low Rolling Resistance Tires

Twin Continuously Variable Valve Timing

Low Drag Coefficient

## BOSE® PREMIUM AUDIO SYSTEM

Eight speakers strategically placed throughout the cabin provide a rich sound that upgrades your listening experience. The available Bose® Premium Audio System is custom-tuned for Sentra's interior acoustics to give you a front-row sound so good, it's the next best thing to being there.

## UNEXPECTED UPGRADES

## INTELLIGENT SAFETY SHIELD TECHNOLOGIES

Available Nissan Intelligent Safety Shield Technologies offer you a suite of advanced systems that help you keep an eye out around you, watch the flow of traffic, and even think ahead. Whether you're changing lanes or backing up, you can get alerted to detected vehicles you may not see. And when traffic suddenly slows down, you've got the technology to help avoid a collision or mitigate the effects of an impact.
