

The world is calling.

Finding adventure in the Pilot is easy. Thanks to the available all-wheel-drive with intelligent Variable Torque Management™ (i-VTM4™), you'll be able to get out and explore the world from the comfort of the driver's seat.

Pilot EX-L (below) shown in White Diamond Pearl with Beige Leather.
Pilot Elite (left) shown in Black Forest Pearl with accessory crossbars and bike attachment.
Honda reminds you to properly secure cargo items.

Upgrade every outing.

A spur-of-the-moment day trip, or a night on the town. A weekend drive to your favorite getaway, or a quick detour to satisfy that sweet tooth. Wherever your next adventure leads you, the sleek and versatile Honda Pilot will help you make the most of it.

Announce your next adventure with [@Honda](#) on [Twitter](#).

Pilot Elite (above) shown with Gray Leather. Pilot Elite (right) shown in Steel Sapphire Metallic and (far right) Modern Steel Metallic.

The front seat of innovation.

In the Pilot, forward-thinking technology doesn't stop at the front seat. Even though the driver has a plethora of advanced features to choose from, rear-seat passengers can enjoy a range of comforts and conveniences too.

One-Touch 2nd-Row Seats

Accessing the 3rd row is effortless. Easy-to-reach one-touch buttons automatically slide the 2nd-row seats forward without the need to push, pull or prod (EX-L and above).

Heated 2nd-Row Captain's Chairs

Although everyone rides in style in the Pilot Elite, 2nd-row passengers enjoy the added pleasures of a pair of heated captain's chairs.

Panoramic Roof

Follow the sun, chase the moon or just stare up at the sky through a panoramic roof that provides another way to see the world (Elite).

Pilot EX-L (far left and above) shown in White Diamond Pearl with Beige Leather with accessory body side molding and illuminated running boards. Pilot Elite (lower left) shown in Black Forest Pearl. Gatefold: Pilot Elite shown with Gray Leather. (iPhone® and cable are not included.)

Upscale and away.

When you sit in the Pilot, there are a few things you'll notice right away. Superb styling. Upscale amenities. Attention to detail. Because when you're in the Pilot, every drive is a chance to treat yourself.

Interior Features

Blu-ray™¹ Rear Entertainment System

Passengers in the 2nd and 3rd rows enjoy engaging content on a 9-inch screen thanks to a Blu-ray/DVD player (Touring, Elite).

Integrated Sunshades

Let the sun shine in or enjoy the shade. The choice is yours with easily accessible built-in 2nd-row shades (EX-L RES and above).

8-Inch Display Audio

By making news, social media and audio books accessible from the Display Audio screen, you're never far from the info you want (EX and above).

Multi-Information Display

The easy-to-read Multi-Information Display is right up front, ensuring that the information you want is always at the ready.

Connectivity

There are many ways to plug and play via HDMI^{®2} (EX-L RES and above), multiple USB ports (EX and above) or an MP3/auxiliary input jack.

HD Radio™³ and Digital Traffic

Stay up to date on current music trends with HD Radio (Elite) and current traffic conditions with the subscription-free Honda HD Digital Traffic (Navigation-equipped models).

Apple CarPlay™⁴ Integration

Available Apple CarPlay provides access to Apple Music,[®] Maps, Messages and phone calls through Siri[®] and the Display Audio touch-screen.

Android Auto™⁵ Integration

Android™ smartphone users can access Google Maps,[™] Google Now,[™] messages, music and other popular apps with the available Android Auto feature.

Pilot Elite shown with Gray Leather.

Cables not included. Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

Flexible Cargo Management

Whether you want to fit a double stroller or a giant cooler, the Pilot has the cargo capacity⁶ to help meet your needs.

Dual-Position Reversible Cargo Lid

Flip the cargo lid up when you need a deeper space for taller items, or turn it over to keep the carpeted side clean when carrying wet or dirty items.

Power Tailgate

When you need an extra hand for carrying groceries or luggage, the Pilot can help you to open or close the tailgate with just the simple press of a button.

Pilot EX-L shown in White Diamond Pearl with Beige Leather.

Honda reminds you to properly secure cargo items.

Limit, less.

Life is all about variety. One day you're shopping for groceries, the next day you're off to the mountains for a completely different kind of adventure. That's why you need a vehicle that's as versatile as you, and where the interior of the Pilot truly shines.

Looking out for you.

The Pilot has achieved top ratings from NHTSA and IIHS* and is equipped with innovative safety and driver-assistive technology including available Honda Sensing®, a suite of features that can assist and help you sense things you might miss while driving.

5-Star Overall Vehicle Score*

*Trims with front crash prevention features and specific headlights.

A. Collision Mitigation Braking System™ (CMBS™)⁷
CMBS can help bring your Pilot to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

B. Road Departure Mitigation System (RDM)⁸
RDM can determine if you cross over detected lanes without signaling, can provide steering assistance to help you return to your lane or provide braking to help keep from leaving the roadway entirely.

C. Lane Keeping Assist System (LKAS)⁹
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep the Pilot centered in a detected lane.

D. Adaptive Cruise Control (ACC)¹⁰
ACC helps you maintain a set following interval behind detected vehicles for highway driving.

E. Blind Spot Information System (BSI)¹¹
BSI uses radar sensors to detect the presence of vehicles to the side and behind the Pilot, to assist you during lane changes. Warning indicators alert you if the system detects a vehicle in your blind spot.

F. Cross Traffic Monitor¹¹
Sensors at the rear corners of the Pilot can detect approaching vehicles from either side when backing up. The driver is alerted by an audible chime and arrows within the rearview camera display.

Pilot Elite shown in Modern Steel Metallic.

*Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov).

At the top of its game.

The Pilot comes with a 3.5-liter direct-injection V-6 EarthDreams® Technology engine that helps produce 280 horsepower¹² and 262 lb-ft of torque.¹² The best part about all that power? The Pilot still received an impressive 27-mpg highway rating.*

9-Speed Automatic Transmission

The Pilot literally leads the way as the first Honda to offer a 9-speed transmission (Touring, Elite). And sporty paddle shifters help you appreciate each one.

Intelligent Traction Management

With just the push of a button to select your mode,† the Pilot will optimize handling based on the terrain you find yourself taking (EX and above).

Follow the adventures [@Honda](#) on Instagram.

Pilot 2WD Touring shown in Deep Scarlet Pearl.

*20 city/27 highway/23 combined mpg rating for 2WD 9AT models. Based on 2018 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.

†Snow mode only on 2WD trims. Snow, Mud and Sand modes on AWD trims.

Built in the U.S.A.

The Honda Pilot is proudly built in Alabama using domestic and globally sourced parts.

Personal touches.

Manufactured to the same strict standards as Honda vehicles, Honda Genuine Accessories are the perfect way to personalize and protect your vehicle. Please see your Honda dealer for details and a complete list of accessories.

Follow applicable load limits and loading guidelines. ⁷ CMBS cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. System designed to mitigate crash forces. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁸ Road Departure Mitigation only alerts drivers when lane drift is detected without a turn signal in use and can apply mild steering torque to assist driver in maintaining proper lane position and/or brake pressure to slow the vehicle's departure from a detected lane. RDM may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁹ LKAS only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ¹⁰ ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. ACC only includes a limited braking function; driver remains responsible for slowing or stopping the vehicle to avoid a collision. ¹¹ The systems are not a substitute for your own visual assessment before changing lanes or backing up, and may not detect all objects, or provide complete information about conditions, behind or to the side of the vehicle. System accuracy will vary based on weather, size of object, and speed. Driver remains responsible for safely operating vehicle and avoiding collisions. ¹² 280 hp @ 6000 rpm, 262 lb-ft @ 4700 rpm (SAE net). ¹³ Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle. ¹⁴ For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details. ¹⁵ The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. ¹⁶ The USB interface is used for playback of MP3, WMA or AAC music files from digital audio players and other USB devices, as well as smartphone data transfer on designated Smartphone/Audio Interface ports. Some USB devices and files may not work. Please see your Honda dealer for details. ¹⁷ Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. ¹⁸ Compatible with select phones with Bluetooth®. ¹⁹ Your wireless carrier's rate plans apply. State or local laws may limit use of texting feature. Only use texting feature when conditions allow you to do so safely. ²⁰ SiriusXM services require a subscription after a trial period. If you decide to continue your SiriusXM service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel.
