TISSUE DISPENSER

A handy dispenser that attaches to the lower edge of the instrument panel complete with standard box of tissues.

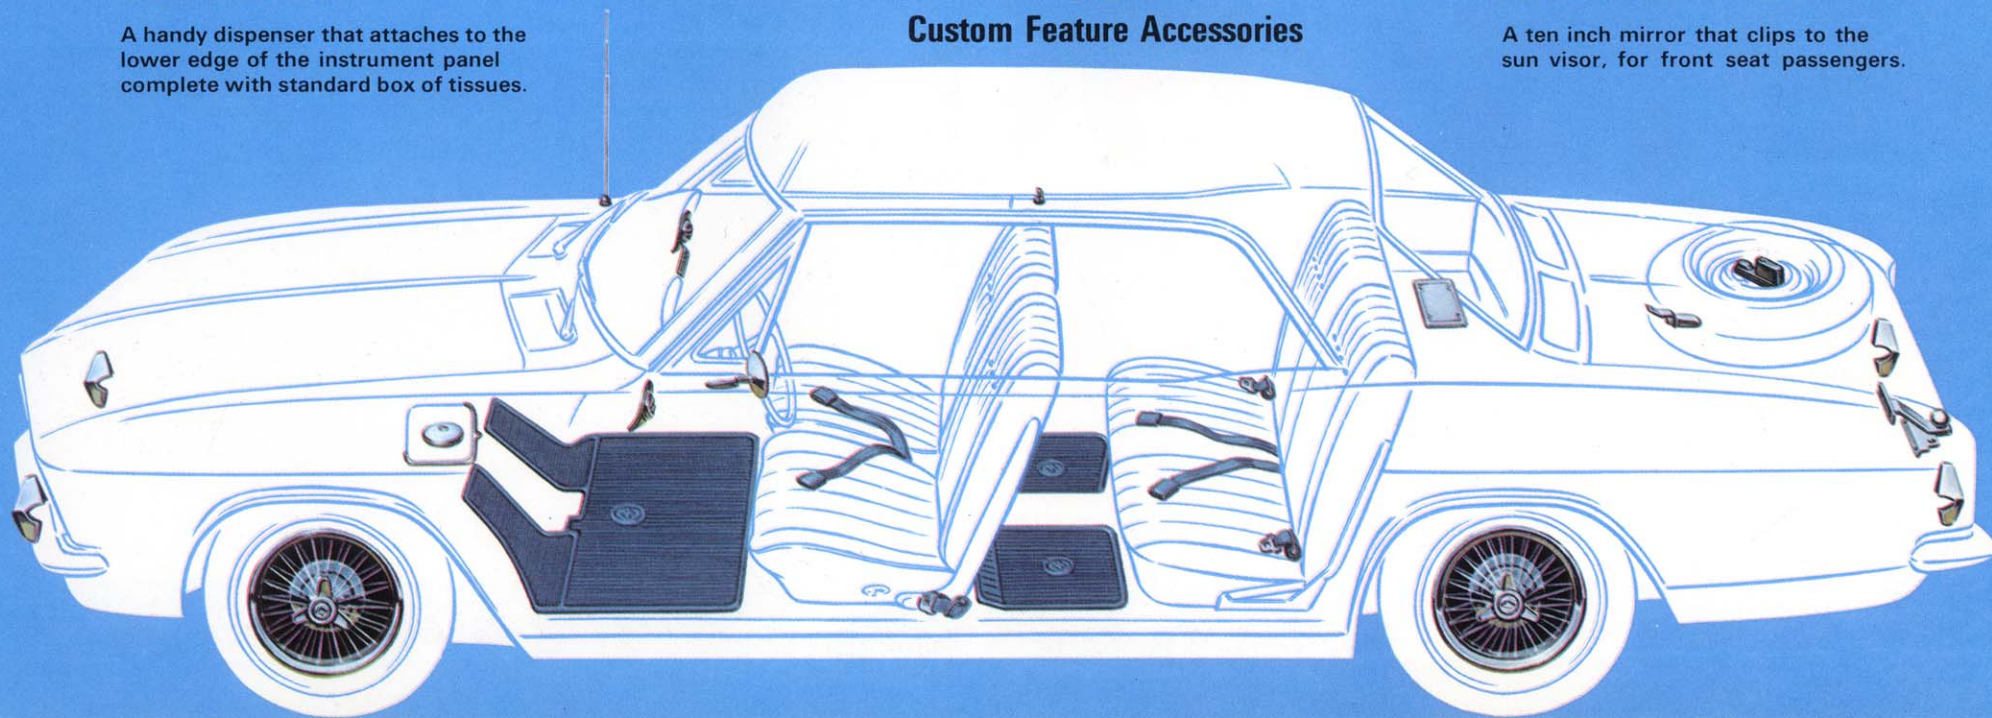

Monza Sport Sedan With Custom Feature Accessories

VANITY VISOR MIRROR

A ten inch mirror that clips to the sun visor, for front seat passengers.

Corvair "All Weather" Air Conditioner

OPERATING TIPS:

Depress the "COOL" lever as required to provide the desired conditioned air temperature through the dash outlets. "COOL" lever must be depressed past detent before cooling fan will operate.

Vary the fan switch as necessary to satisfy comfort requirements. The "FAN" switch must be turned ON to at least "LOW" speed during all cooling operations.

For maximum cooling capacity during periods of extreme heat and humidity, and when first turning on the system, the air lever should be in the full "UP" position. Depress lever to satisfy needs under less severe cooling requirements.

Air conditioner and heater are two separate units with a common control panel.

With the "ALL WEATHER" air conditioner and factory heater and defroster operating independently, air can be tempered and dehumidified in the spring and fall seasons.

HOT AND HUMID—Air cooled with excess moisture removed to eliminate perspiration damp and wrinkled clothing.

CLEAN—All conditioned air is washed to remove dust, pollen and excess moisture.

RELIEF—for hay fever and people subject to pollen allergies.

COOL—as a relaxing trip to the mountains or seashore.

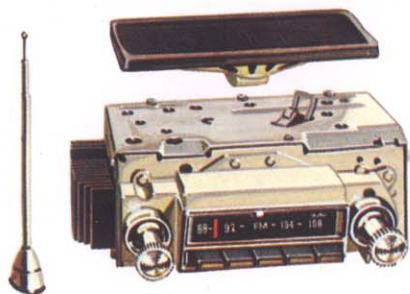

ENJOY :

- ▲ Warm air on the floor and cool air at the breath level of the car, when both the heater and air conditioner are operating simultaneously.
- ▲ Arriving fresh and relaxed with no perspiration damp or wrinkled clothing.
- ▲ The conditioned air with the excess moisture and 98% of the irritating pollen removed.

Available as factory and dealer installed option.

A Wide Selection of Radios and Stereo for Your Listening Pleasure

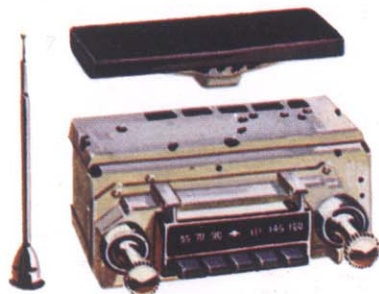

DELUXE AM-FM RADIO AND ANTENNA

An eleven transistor radio with nine diodes for outstanding performance. The FM band is virtually free of atmospheric static. Provisions in the radio to adapt a Stereo Multiplex unit.

Available with 31 inch front antenna only.

PUSH BUTTON RADIO AND ANTENNA

A six transistor radio with three diodes and five push buttons that can be set to your favorite local stations for quick accurate tuning.

Your Choice of Front or Rear Antenna

MANUAL TUNED RADIO AND ANTENNA

A six transistor radio with three diodes using all the latest electronic developments in modern radio circuitry. The radio features automatic gain control and improved tone action.

Your Choice of Front or Rear Antenna

The tubular telescoping rods are chrome plated to resist rust and corrosion. The antennas are matched to the radios for maximum performance.

REAR
ANTENNA

The antenna and lead-in are matched to the radio to assure maximum radio performance in poor radio signal areas.

REAR SEAT SPEAKER

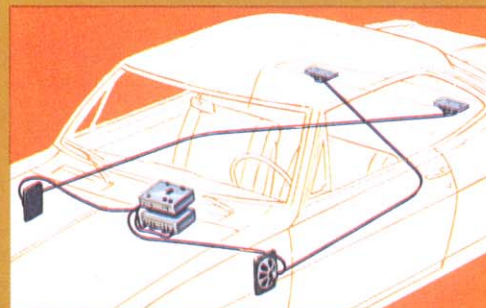

The speaker is matched to the front speaker and includes a fader type control so either the front or rear speaker can be played, or both speakers simultaneously.

STEREO MULTIPLEX

Two front and rear speakers are used with Stereo Units. The speakers are wired in a criss-cross pattern, so that all passengers are completely surrounded by sound.

The unit can be installed with a Corvair AM-FM radio. The unit uses twelve transistors, six diodes and multiple speakers. An indicator light signifies when the FM station is broadcasting a multiplex signal.

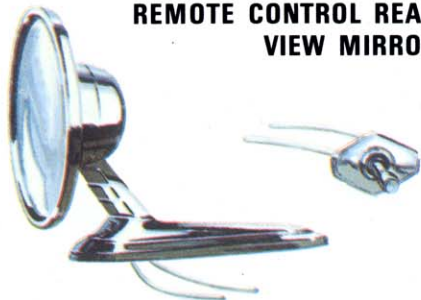

Corvair Custom Feature Accessories for Added Appearance and Utility

**DOOR EDGE
GUARDS**

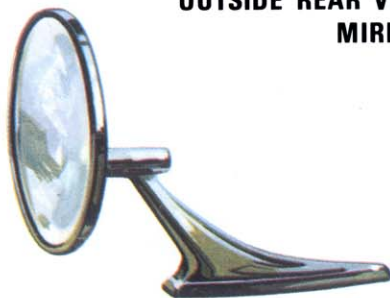

Guards prevent paint chipping on the door edges.

**REMOTE CONTROL REAR
VIEW MIRROR**

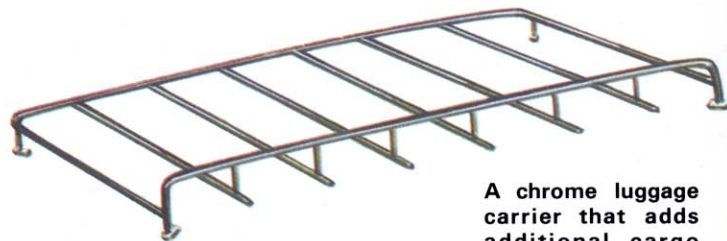

Can be adjusted to any driving position from inside the car. Chrome coated glass assures good undistorted vision and prevents fogging and discoloring of the glass.

**OUTSIDE REAR VIEW
MIRROR**

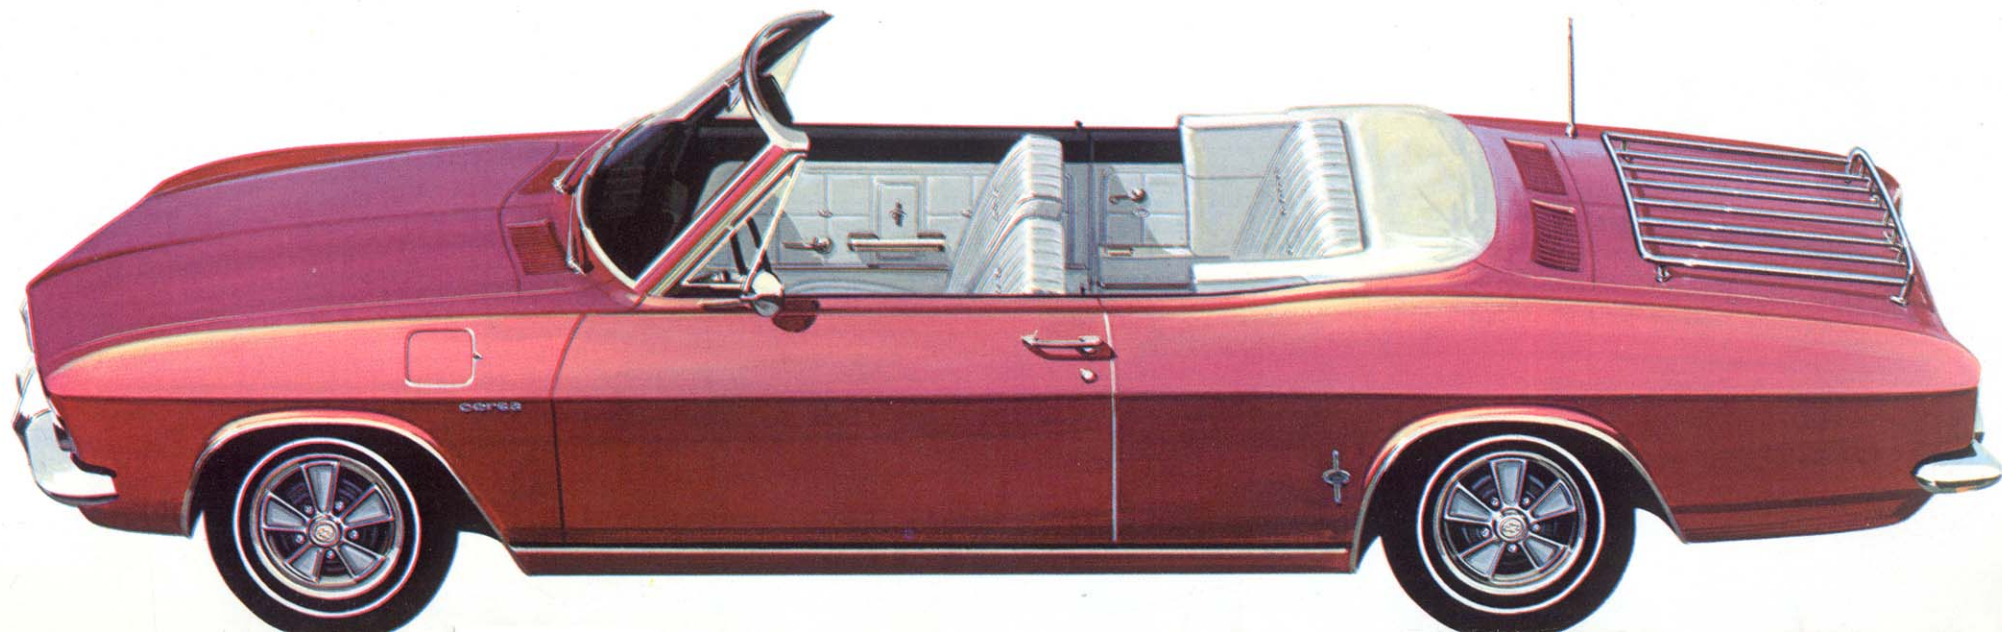

The chrome coated glass assures good undistorted vision.

REAR DECK LID LUGGAGE CARRIER

A chrome luggage carrier that adds additional cargo capacity and can be adapted to many deck lid ski racks.

FRONT AND REAR BUMPER GUARDS

Steel guards with a heavy chrome plating that adds additional protection to the car.

WHEEL COVERS

A set of four stainless steel covers finished with a chrome flash that retains a bright finish indefinitely.

Magnesium wheel covers that are difficult to distinguish from the real magnesium wheels.

Four simulated covers that look like real wire wheels, includes spinners.

GASOLINE FILLER DOOR GUARD

Protects paint from being scratched by the gasoline pump nozzle.

Corvair Custom Feature Lights for Added Convenience

BACK-UP LAMPS

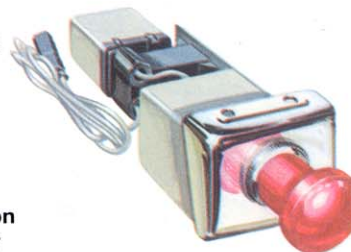

Provides a bright light to wide area back of the car automatically when car is shifted into reverse.

UNDERHOOD LAMP

Lights the entire engine compartment automatically when hood is opened.

HAZARD FLASHER SWITCH

Flashes all direction signals for any emergency.

GLOVE COMPARTMENT LAMP

Automatically lights the glove compartment area when the door is opened.

ASH TRAY LAMP

Lights the ash tray interior, when head lamps are turned on at night.

COURTESY LAMPS

Lights the entire front floor area automatically when either front door is opened.

LUGGAGE COMPARTMENT LAMP

Lights the luggage area automatically when trunk lid is opened.

HAND PORTABLE SPOTLAMP

A handy trouble lamp with a 12 foot cord that can be used in any 12 volt cigarette lighter.

Custom Feature Accessories to Help Build Your Car to Your Exact Requirements

VENTILATED SEAT CUSHIONS

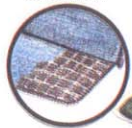

*Ventilated air
foam over flat
spring construction*

Bucket Seats

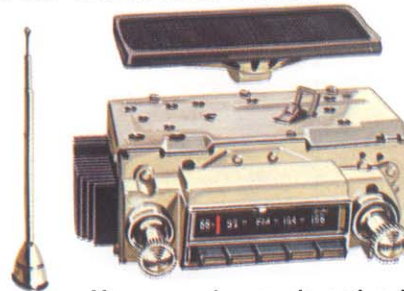

*Practical "Soft"
wire ventilated
cushion*

Cool open weave fiber allows air to circulate around user, ideal for automobiles, easy chairs at home and office. Helps keep clothes wrinkle-free.

*Available in four colors
