DODGE DURANGO

**ITS BOLD CAPABILITY DELIVERS BEST-IN-CLASS<sup>[1]</sup> CARGO  
ROOM, SEATING, AND TOWING. A NEW TWO-MODE HEMI<sup>®</sup>  
HYBRID SYSTEM COMBINES HIGH-TECH FUEL EFFICIENCY<sup>[2]</sup>  
WITH SUV RUGGEDNESS. THIS IS DODGE DURANGO.  
ENJOY THE RIDE.**

<sup>[1]</sup>Based on *Automotive News* classification. When properly equipped. <sup>[2]</sup>Based on manufacturer's preliminary fuel economy numbers of 18 city/19 highway mpg using EPA methodology.

Comparison based on 2008 Durango with a 5.7-liter HEMI V8 versus the 2009 Durango Hybrid model.

Durango Hybrid shown in Bright Silver Metallic and Durango Limited shown in Brilliant Black Crystal Pearl.

The 2009 Dodge Durango is built for those bold enough to demand it all. Its legendary 5.7-liter HEMI® V8 has been revised to respond with even more horsepower while maintaining Durango's existing fuel economy. A new Two-Mode HEMI Hybrid powertrain offers nearly 40 percent better fuel efficiency for city driving<sup>[1]</sup> plus 100 percent real SUV power and capability. You'll find the interior environment equally as friendly on every Durango model. With best-in-class<sup>[2]</sup> available eight-passenger seating and best-in-class<sup>[2]</sup> cargo room there's room for everyone and everything. And because Durango is a Dodge, you can count on plenty of tech-savvy features and striking good looks. Get the full story at [www.dodge.com/durango](http://www.dodge.com/durango) <sup>[1]</sup>Based on manufacturer's preliminary fuel economy numbers of 18 city/19 highway mpg using EPA methodology. Comparison based on 2008 Durango with a 5.7-liter HEMI V8 versus the 2009 Durango Hybrid model. <sup>[2]</sup>Based on *Automotive News* classification. When properly equipped.

**HYBRID**  
TWO MODE HEMI

Durango Hybrid shown in Steel Blue Metallic.

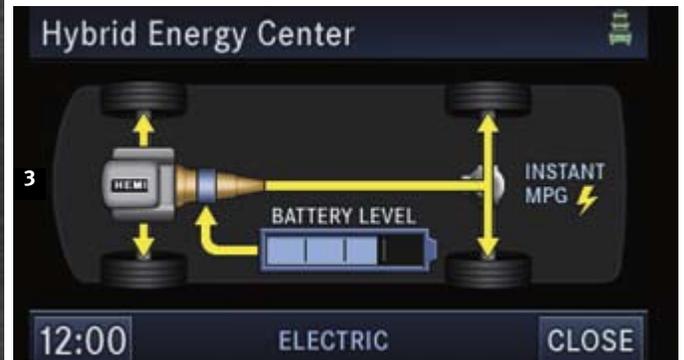

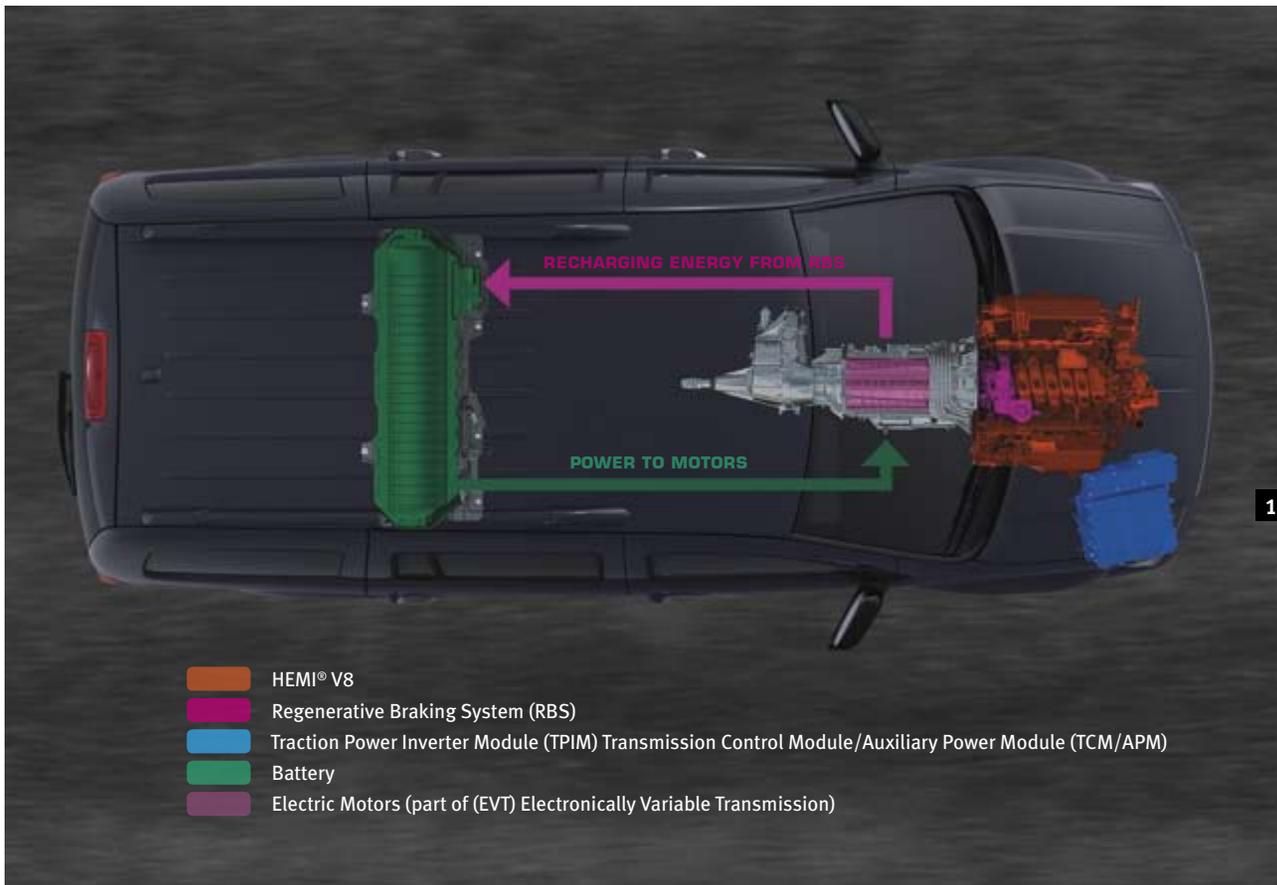

Turn the key and almost instantly the “READY” light appears on the gauge cluster, signaling the vehicle is in electric mode and ready to cruise.

When cruising and full gas engine power is not required, the electric motors keep MDS engaged, actively saving fuel.

As more power is needed, all eight cylinders work in tandem with the electric motor(s) to supply more horsepower than with the HEMI® V8 engine alone.

When coasting back to cruising mode, Durango Hybrid recharges its battery.

Finally, when applying the brakes, charging takes place through the regenerative braking system.

**1 NEW HYBRID TWO-MODE HEMI.** HEMI power. SUV capability. Fuel-saving technologies. This is Durango Hybrid. Unlike traditional hybrid vehicles, Durango Hybrid offers both better fuel efficiency<sup>[1]</sup> — nearly 40 percent for city driving<sup>[1]</sup> — plus 100 percent power with additional capability to the legendary HEMI V8 for up to 400 horsepower. Here’s how: Durango operates differently at various speeds, including electric only, gas only, or a combination of the two. The first mode is used at low speeds, up to 25 mph, and for hauling light loads. One of the two electric motors provides that acceleration without using any fuel. The second mode is used primarily at highway speeds as it provides full 8-cylinder power when needed, such as pulling a trailer, climbing a hill, or passing another vehicle. The HEMI engine also has the Multi-Displacement System (MDS) that transforms the powerful 5.7-liter V8 into a gas-sipping 4-cylinder, by deactivating half of the cylinders during cruising and light acceleration. And thanks to the two electric motors, the MDS operates much more frequently. The net take: almost 25 percent better combined fuel economy<sup>[1]</sup> overall from the HEMI V8 and electric motor power, nearly 40 percent more fuel economy in the city — which all results in less time and money spent at the pump.

**2 HYBRID GAUGE.** Use the unique Hybrid gauge to adjust driving habits for maximum fuel economy. When driving efficiently, the needle will be at the 12 o’clock position. When the needle falls to either side, simply adjust Durango’s speed to become efficient again.

**3 HYBRID INFORMATION CENTER.** A 6.5-inch touch-screen LCD monitor with full-color enhanced graphics doubles as the Hybrid information center. View the screens to determine which engine mode you are traveling in. The “HYBRID” message will appear when driving in Hybrid mode, “FUEL SAVER” will appear when the engine is running in MDS mode, and during braking or coasting “CHARGING” will appear to signal regeneration is taking place.

<sup>[1]</sup>Based on manufacturer’s fuel economy numbers of 18 city/19 highway mpg using EPA methodology. Comparison based on 2008 Durango with a 5.7-liter HEMI V8 versus the 2009 Durango Hybrid model.

**ALPINE® PREMIUM SOUND SYSTEM.** Limited models boast superb sound from the Alpine Premium Sound System II with eight speakers, a subwoofer, Linear Drive Magnet™ technology, and a 368-watt SDP amplifier.

Durango Limited interior shown in Slate Gray Two-Tone Torino leather trim with suede microfiber seat inserts (first and second rows only).

**uconnect** The 6.5-inch touch-screen **uconnect tunes** provides entertainment, information, and communication, all through an AM/FM/CD/DVD<sup>(1)</sup> stereo system. A 30GB hard drive allows you to store photos, playlists, maps, and points of interest, as well as rip, stash, organize, and shuffle up to 6,700 digital music files from CDs, integrated USB port, or exterior input jack. The touch screen allows you to easily change radio stations and play digital audio files. Or, step up to the available **uconnect gps**, which includes all the same great features, and adds the convenience of full mapping, turn-by-turn navigation with SIRIUS® traffic real-time updates using **SIRIUS® Satellite Radio**. The included **uconnect phone** provides hands-free, voice-activation capability with your Bluetooth® compatible phone.

📺 **uconnect studios** Like a menu offering the best of in-vehicle technology, uconnect studios lets you either bundle or select individual available features such as: **SIRIUS SATELLITE RADIO**. Gain access to over 130 channels, including 100% commercial-free music, sports, news, talk, entertainment, traffic, and weather. Comes bundled with uconnect gps or can be added as a stand-alone feature. **SIRIUS BACKSEAT TV.™** Only found on Chrysler LLC vehicles, the available SIRIUS Backseat TV allows live content from three favorite family channels — Nickelodeon,™ Disney Channel, and Cartoon network — to stream directly to your Dodge Durango 24/7. For added value, front seat passengers can enjoy separate programming on SIRIUS Satellite Radio while rear seat occupants view SIRIUS Backseat TV.

📞 **uconnect phone** Go high-tech with an in-vehicle voice-activated communication system that allows you to talk on your Bluetooth compatible phone virtually hands-free. Comes bundled with uconnect gps or is available when choosing the optional Technology Group II.

🌐 **uconnect web** Turn your vehicle into a WiFi Hotspot with uconnect web. This Authentic Dodge Accessory by Mopar allows every passenger in your vehicle to harness the power and entertainment value of the Internet at the same time. It's easy for the whole family to use with laptops or other wireless devices, and does not require software. Subscription required, sold separately. <sup>(1)</sup>uconnect in-dash DVD capability is not available in all states. See your dealer for details. "SIRIUS" and the SIRIUS dog logo are registered trademarks of SIRIUS Satellite Radio Inc. All other trademarks, service marks, and logos are the property of their respective owners. For full Terms and Conditions, visit SIRIUS.com.

Durango Limited interior shown in Slate Gray Two-Tone Torino leather trim with suede microfiber seat inserts (first and second rows only).

**REAR SEAT VIDEO™ SYSTEM.** This available system entertains rear passengers with a DVD player and a large eight-inch screen. This system also plays audio CDs and MP3 discs. A convenient jack allows for the connection of a video camera, a video game system, or MP3 player. A battery-powered remote control and two wireless headsets are included.

**ELECTRONIC VEHICLE INFORMATION CENTER (EVIC).** Important stats — such as distance to empty, temperature reading, compass, and maintenance intervals — are digitally displayed on Durango's available EVIC. All Durango models include a Tire Pressure Monitoring Warning Lamp and a Tire Pressure Monitoring Display with EVIC.

**1 CARGO ROOM.** Thanks to Durango's flexibility, there's best-in-class<sup>[1]</sup> room for your gear, and the rear seats conveniently fold — creating a virtually fold-flat floor for easy hauling.

**2 REMOTE START<sup>[2]</sup>/CLASS<sup>[1]</sup>-EXCLUSIVE LIFTGATE.** Designed for comfort and convenience before you even step in are the available remote start<sup>[2]</sup> feature and available class<sup>[1]</sup>-exclusive power liftgate that opens and closes with a push of the key fob button.

**3 115-VOLT POWER OUTLET.** Durango's available 115-volt two-prong power outlet is perfect for juicing the things that keep passengers occupied on road trips — like a laptop or portable TV — and even better for tailgating essentials, like a slow cooker, mini fridge, or hot plate. <sup>[1]</sup>Based on *Automotive News* classification. Properly secure all cargo. <sup>[2]</sup>Not available on Hybrid. "SIRIUS," "SIRIUS Backseat TV," the SIRIUS dog logo and related marks are trademarks of SIRIUS Satellite Radio Inc. All other trademarks, service marks, and logos are the property of their respective owners. For full Terms and Conditions, visit SIRIUS.com. Prices and programming are subject to change. DISNEY CHANNEL, and The Disney CHANNEL LOGO are trademarks of Disney Enterprises, Inc. and used with permission. TM and © Cartoon Network.

Durango Limited interior shown in Khaki Two-Tone Torino leather trim with suede microfiber seat inserts and optional second-row bucket seats (first and second rows only).

**THESE SEATING OPTIONS GIVE YOU THE BEST OF EVERYTHING.** Dodge Durango offers best-in-class<sup>[1]</sup> eight-passenger seating with stadium-style elevation for the second and third rows. And if you're going to offer best-in-class<sup>[1]</sup> seating, it only makes sense to offer the roomiest interior in its class<sup>[1]</sup> to keep everyone comfortable. And where there are people, there's bound to be stuff. Behind the second-row seats is where you'll find best-in-class<sup>[1]</sup> cargo room. How accommodating.

**THREE-PASSENGER SECOND- AND THIRD-ROW SEATS.** Now seating rows two and three. Durango's standard 40/20/40 second-row seat with available recline makes way for comfortable eight-passenger seating. The split design also configures to provide versatility for both passengers and packages. Opt for a third row that easily accommodates three passengers. Use the split-seating option when hauling extra-long items. When there's more gear than guests, simply fold the seats down to create a nearly flat load floor.

**TWO-PASSENGER SECOND-ROW BUCKET SEATS<sup>[2]</sup>** Give your passengers a more commanding and comfortable view of the road. Available second-row leather-trimmed reclining bucket seats have heated seatbacks and cushions. A standard console lets passengers store must-have traveling gear like CDs, beverages and travel electronics.

**HEATED FRONT BUCKET SEATS.** Crisp mornings are no longer an issue. Opt for heated leather-trimmed seats — standard on Hybrid and Limited models, available on SLT. Simply push the button and seats warm up quickly to keep you cozy.

**STAIN REPEL SEAT FABRIC<sup>[3]</sup>** The available stain-resistant, odor-resistant, antistatic seat fabric employs a dual-action technology to help resist stains by beading spills for easy cleaning.

<sup>[1]</sup>Based on *Automotive News* classification. When properly equipped. Properly secure all cargo. <sup>[2]</sup>Not available on Hybrid. <sup>[3]</sup>Not compatible with aftermarket fabric-protecting coatings.

**BEST-IN-CLASS  
TOWING CAPABILITY.**

Durango SLT 4x4 in Light Sandstone Metallic. Shown with available 20-inch Chrome Wheels, Chrome Fuel Filler Door, Chrome Mirror Covers, and Chrome Tubular Side Steps — Authentic Dodge Accessories by Mopar.

THE 2009 DODGE DURANGO INCLUDES THE BEST-IN-THE-BUSINESS LIFETIME POWERTRAIN LIMITED WARRANTY WITH UNLIMITED MILEAGE.

Non-Transferable. See dealer for a copy of limited warranty and details.

**BEST-IN-CLASS<sup>[1]</sup> TOWING.** Choose the 2WD 5.7-liter HEMI® V8 engine with fuel-saving Multi-Displacement System (MDS) for best-in-class<sup>[1]</sup> maximum trailer towing capacity of 8,950 lb. With 4WD, the maximum trailer towing capacity is 8,750 lb.

**ENGINES/PERFORMANCE.** All of Durango's capable engines are designed to churn out a balanced blend of power and fuel efficiency.<sup>[2]</sup> **3.7-LITER MAGNUM® V6.** This fuel-savvy<sup>[2]</sup> engine lets you spend more time on the road and less at the pump enjoying 210 horsepower and 235 lb-ft of torque. **4.7-LITER FLEX FUEL V8:<sup>[2]</sup>** Durango offers an E85 (ethanol)-compatible 4.7-liter V8 engine with impressive 303 horsepower and 330 lb-ft of torque. This engine uses E85, regular gas, or a combination of both. **REDESIGNED 5.7-LITER HEMI V8 WITH MDS.** With unmatched capability and performance, this 5.7-liter HEMI V8 engine with Variable Valve Timing (VVT) and fuel-saving<sup>[2]</sup> Multi-Displacement System (MDS) generates 376 horsepower and 401 lb-ft of torque. The catalyst for numbers this potent is the combination of state-of-the-art automotive technologies including VVT and an active intake manifold, which all work to optimize air and fuel flow into the HEMI engine combustion chambers.

**MULTI-DISPLACEMENT SYSTEM (MDS).** The power of eight cylinders with the fuel efficiency of four. When cruising at highway speeds, Durango's HEMI V8 engine employs the fuel-saving<sup>[2]</sup> benefits of MDS. The union allows the HEMI engine to seamlessly transform V8 power into an efficient four-cylinder power plant in a mere 40 milliseconds (0.04 seconds), which bolsters Durango's fuel economy.

**AVAILABLE FULL-TIME TWO-SPEED TRANSFER CASE!<sup>[3]</sup>** Simply set the dash-mounted dial on Durango 4x4 models to 4WD for everyday driving. Switch it to 4WD LOCK only on slippery or uneven roads. Use 4WD LOW only in low-speed, low-traction situations, like bringing your boat out of the water. <sup>[1]</sup>Based on *Automotive News* classification. When properly equipped. <sup>[2]</sup>Based on EPA est. mpg 4x2

fuel economy numbers of 3.7-liter 14 city/20 highway and 4.7-liter (gas version) 14 city/19 highway; manufacturer's preliminary 4x2 fuel economy numbers of 5.7-liter 13 city/19 highway with MDS using EPA methodology. <sup>[3]</sup>Not available on Hybrid or SE.

AUTHENTIC DODGE ACCESSORIES

Durango SE 4x4 in Bright Silver Metallic with Authentic Dodge Accessories by Mopar.

**AUTHENTIC DODGE ACCESSORIES.** When you enhance your Durango with Authentic Dodge Accessories by Mopar, you gain far more than substantial style, premium protection, powerful performance or extreme entertainment. You also benefit from the authentic difference found only in an original equipment accessory. It's a difference you'll recognize in the higher standards and tighter tolerances required of original equipment accessories. And one you'll appreciate in our stricter testing measures, from impact performance tests to harsh on- and off-road durability testing. Choose the full line of accessories that feature a fit, finish and functionality designed specifically for your Durango.

**CHROME TUBULAR SIDE STEPS.** When it's time to step up, these side steps feature corrosion-resistant aluminum and skid-resistant surfaces for conveniently good-looking entry and exit.

**CHROME BODYSIDE MOLDINGS.** Give a gleam to your doors while accenting your Durango's strong body lines with this popular accessory.

**CHROME FRONT AIR DEFLECTOR.** The Chrome Front Air Deflector creates an air stream that deflects bugs, grit and road spray up and away from your vehicle's hood and windshield, while attracting some stylish attention.

**20-INCH PREMIUM CHROME FINISH WHEEL.** A new spin on style. Our premium 5-spoke aluminum wheel is treated with a durable Premium Chrome finish and undergoes stringent testing to maintain its bright finish and to guarantee a smooth and balanced ride. Check us out at [mopar.com](http://mopar.com)

## SAFETY AND SECURITY.

**1-2 AIR BAGS!**<sup>[1]</sup> All Durango models include standard advanced multistage driver and front-passenger air bags!<sup>[1]</sup> These air bags provide nearly instantaneous occupant protection by matching air bag output to crash severity. Standard supplemental side-curtain air bags!<sup>[1]</sup> with roll-sensing technology deploy from the headliner to provide two rows of side-impact protection to outboard occupants. Technology keeps side-curtain air bags deployed longer in the event of a rollover.

**3 ELECTRONIC STABILITY PROGRAM (ESP)!<sup>[2]</sup>** Designed to assist drivers in maintaining control of their vehicle at all times, ESP uses the collective technologies of **Brake Assist, All-Speed Traction Control, Electronic Roll Mitigation (ERM), and Trailer Sway Control (TSC)** to constantly monitor the driver's input against the vehicle's actual course. If needed, ESP will attempt to correct the vehicle's course by automatically applying the brake and/or reducing engine torque. Meanwhile, the ERM system estimates the potential for wheel lift. If necessary, engine power is reduced and appropriate braking is applied to help stabilize the vehicle. The TSC system detects "sway" unique to trailering and then engages Durango's brakes to slow the vehicle and then increases the brake force to only one side of the vehicle to help counteract the sway from the trailer.

**4 TIRE PRESSURE MONITORING.** The standard Tire Pressure Monitoring Warning Lamp helps maintain proper and safe tire pressure by flashing to alert the driver to low-pressure situations. Durango Hybrid, Limited and SLT models feature a Tire Pressure Monitoring Display that provides actual tire pressure information on all four tires.

**5 HYDROFORMED FRAME.** Brute strength comes from the core. The front and rear sections of Durango's frame are hydroformed to provide increased stiffness and dimensional control. All this contributes to an outstanding ride and smooth handling.

**6 PARKVIEW® REAR BACK-UP CAMERA!<sup>[3]</sup>** Thanks to a camera (standard on Hybrid and Limited models, optional on SLT) mounted on Durango's liftgate and a 6.5-inch diagonal screen on your radio, you'll have a better visual of objects while driving in Reverse.

**7 PARKSENSE® REAR PARK ASSIST SYSTEM!<sup>[3]</sup>** Available ParkSense uses audio and visual warnings to assist drivers during reverse parking maneuvers to avoid colliding with most large stationary objects. <sup>[1]</sup>Always sit properly in the seat with the seat belt fastened. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child's age and weight. <sup>[2]</sup>No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions.<sup>[3]</sup>Always check entire surroundings before backing up.

<sup>[1]</sup>Always use seat belts. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child's age and weight. <sup>[2]</sup>No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. <sup>[3]</sup>4x2 models only. <sup>[4]</sup>4x4 models only. <sup>[5]</sup>3.92:1 becomes a freestanding option when the 5.7-liter HEMI is ordered. <sup>[6]</sup>Not available on Hybrid. <sup>[7]</sup>Hybrid gauge replaces tachometer on Hybrid. <sup>[8]</sup>Not compatible with aftermarket fabric-protecting coatings. <sup>[9]</sup>uconnect in-dash DVD capability is not available in all states. See your dealer for details. <sup>[10]</sup>Includes one-year subscription provided by SIRIUS; only in the continental U.S. <sup>[11]</sup>Always check entire surroundings before backing up. <sup>[12]</sup>Ball Mount, Hitch Ball, Hitch Plug and Wiring Harness Dodge Accessory sold separately.
