MAZDA MX-5 MIATA

CELEBRATING TWO DECADES OF FLAT-OUT FUN

The Mazda MX-5 Miata has seen a lot of me-too sports cars come and go since its historic kickoff in 1989. Meanwhile, it thrives as an icon of pure exhilaration, with a track-proven racing heritage that spans three generations. Mazda MX-5 Miata hangs steady as the hands-down favorite of enthusiasts who demand nothing shy of total driving truth. This is a 100% pure sports car. It's the best-selling two-seat roadster of all time. And the gifted offspring of a company that designs and builds some of the most fun-to-drive sports cars on the planet. It's the embodiment of Zoom-Zoom. Forever.

To help keep the MX-5 Miata light on its feet and remarkably agile, many of its key components—including its front suspension arms, rear brake calipers, hood and trunk lid (soft top model)—are made from lightweight aluminum alloy.

*"JINBA ITTAI, OR 'RIDER AND HORSE AS ONE,' was our guiding principle during the MX-5's development. The result is a car so nimble, well balanced and fun to drive that the driver and car achieve true unity." — Takao Kijima
Program Manager/Mazda MX-5 Miata*

The new MX-5 Miata strikes a decisive balance of gutsy design, perceptive engineering and dialed-up performance. This must-have icon is primed and wired for a must-drive encounter that knows no equal. The dramatically resculpted exterior includes newly designed grille and side sills. Expressive new headlights and taillights that inspire. Eye-grabbing alloy wheels that mesmerize. And a new interior that screams, "Get in, and let's find us some S-curves." Feel the response of the freshly tweaked, track-tuned suspension. Drop the top, and let it whip up some wind-in-the-hair freedom and sun-in-the-face exhilaration. Ignite the oneness between car and driver that only this, the truest of sports cars, can deliver.

THE TRUE SPORTS CAR JUST GOT TRUER

Where'd it go? It was just here 12 seconds* ago. That's how fast the MX-5 Miata Power Retractable Hard Top disappears when you push a button. And we mean disappears. Because you won't find it taking up an inch of trunk space. In fact, it stores itself neatly behind the seats under the special hard tonneau cover. All just-over-80-pounds of it. It's also got some bragging rights when it goes back up. Another button. Same 12 seconds. It's weather-tight. The rear window is real glass with a defroster. And there's an integrated elegance to the roof line. It's another example of leading-edge design that defines the MX-5 Miata as a pure sports car from the ground up. Or in this case, from the top down.

ZERO TO GONE IN 12 SECONDS

MX-5 Miata's available Power Retractable Hard Top automatically lowers behind the seats in a mere 12 seconds—where it's protected under a solid, stylish tonneau cover. When raised, a single, central latch locks it all securely in place.

* Latch must also be disengaged or engaged.

ROAD ATLANTA

Twenty years of competing, revising and enhancing virtually every aspect of the MX-5 Miata's engine has paid numerous dividends, including a powerplant that's more responsive, reliable and actually 43% more powerful than the very first MX-5 Miata.

MX-5 Miata's powertrain provides an abundance of track-proven engineering advancements. **1** Molybdenum-coated pistons help reduce internal friction and promote the free-revving characteristics of the refined MZR engine. **2** A short-throw, close-ratio 6-speed manual gearbox is standard on both the Touring and Grand Touring. A 5-speed is standard on the Sport. A 6-speed Sport AT is also available on most models. For enhanced control, the Sport AT allows you to shift manually via the console-mounted shifter or steering-wheel-mounted paddle shifters. **3** Variable valve timing, as well as variable induction, help maximize the powerplant's low-end torque and high-rpm power.

Performance-wise, the new MX-5 Miata is definitely engineered to get all the right sensations popping in your head. Starting with a free-revving 16-valve 2.0-liter DOHC MZR engine that kicks out an assertive 167 hp and 7200-rpm redline. All the while grabbing a pump-taunting 28 mpg highway/22 mpg city.* It also uses friction-reducing, molybdenum-coated pistons. Electronically controlled port fuel injection. Variable valve timing. An electronic throttle. An ultralight flywheel. Block and cylinder heads cast from a weight-saving aluminum alloy. Plus a choice of three smooth-shifting gearboxes. From there, an all-aluminum Power Plant Frame (shown) rigidly unites it all in a dynamic, instant transfer of power to the rear wheels.

* EPA estimated fuel economy for a 5-speed manual transmission. Actual results may vary.

DRIVERS, START YOUR SYNAPSES

Drivetrain twist wastes power and produces acceleration lag. To help eliminate it, Mazda engineers gave the MX-5 Miata a solid structural "backbone"—an ingenious aluminum Power Plant Frame (PPF) that unites engine, transmission and differential into a single, rigid unit.

The MX-5 Miata's near-perfect 50:50 front-to-rear weight distribution (including driver) is crucial to its legendary handling. Mazda's design self-discipline in this key area produces handling that's not only stable and predictable but also remarkably agile and directionally responsive.

BUILD THE SPORTS CAR. THE RACE CAR WILL FOLLOW.

1

2

3

Among the impressive automotive technologies designed to help keep the MX-5 Miata firmly anchored to pavement: **1** A hollow front stabilizer bar, partnering with four gas-charged shock absorbers and a solid rear stabilizer bar to minimize body roll and maximize cornering grip. **2** A newly revised track-tuned suspension delivers superb handling and directional stability by combining a sophisticated, double-wishbone layout up front with an advanced, multilink setup in the rear. **3** Limited-slip differential and Dynamic Stability Control* with an integral Traction Control System (available on select MX-5 Miata models) to optimize both traction and handling in less than ideal road conditions.

Mazda engineers understand that everyday driving can be as rigorous and demanding as racing. And they designed the MX-5 Miata accordingly. Its front-midship-engine placement and rear-wheel-drive layout enhance balance and directional control. Its newly revised, track-tuned independent suspension results in handling that borders on telepathic. And its 4-wheel disc brakes—complete with ABS, Electronic Brakeforce Distribution and reinforced brake lines—help ensure linear, fade-resistant stops. As any driver worth his adrenaline will tell you, lighter is better. And generous use of aluminum helps make the MX-5 Miata nearly 400 lb lighter than its closest competitors†. And about as many miles ahead of them.

*Dynamic Stability Control is not a substitute for safe driving practices. †Based on a comparison of 2009 model year roadsters under \$25,000.

A high-angle, top-down view of the interior of a red Mazda MX-5 Miata. The car is positioned on a black and white checkered floor. The interior is black with red accents on the door panels and side sills. The steering wheel features the Mazda logo. The dashboard has three analog gauges. The center console includes a gear shifter and handbrake. The seats are black leather. The text "BREEDING GROUND FOR GOOSE BUMPS" is written in white, slanted capital letters across the upper left portion of the image.

BREEDING GROUND FOR GOOSE BUMPS

The interior of the new MX-5 Miata incites visceral anticipation in its most meticulously upholstered form. On the Grand Touring, for example, both bucket seats are leather-trimmed and heated—with five comfort settings. Automatic climate control and steering-wheel-mounted controls for both the stereo and cruise control are also standard. The standard audio system is a Bose® 7-speaker design featuring patented AudioPilot® technology that cancels distracting ambient road noise. There's even an in-dash 6-disc CD changer with MP3 capability. Add the available Premium Package, and you've got Bluetooth® hands-free phone capability and Advanced Keyless Entry & Start. In all, this interior is engineered to thrill. So don't be surprised if the goose bumps kick in before the gears do.

To precisely determine which shifter positions were the most comfortable and efficient, Mazda engineers used multiple biosensors to study driver interaction within a wide range of different locations—all to help ensure that shifting gears in an MX-5 Miata is a nearly effortless interaction between man and machine.

AND IN THIS CORNER, SHEER DRIVING INSPIRATION

Welcome to the MX-5 Miata's redesigned cockpit. Command central for one of the most responsive and fun-to-drive sports cars ever to honor the twisty road. The MX-5 Miata's high-bolstered, competition-inspired seat hugs you into an ideal driving position. Providing optimum support and comfort. Full instrumentation, with a clear line of sight to the gauge cluster, dials your inner let's-go meter all the way to ten. And the pedals are strategically positioned for faster, more efficient heel-and-toe action. MX-5 Miata's classic three-spoke, tilt-adjustable steering wheel, its short-throw gearshift and everything else you touch have been micromanaged into perfect car and driver oneness. There is exhilaration to be tapped in this car like never before. And it all starts here.

The one thing that hasn't changed throughout MX-5 Miata's first twenty years is Mazda's commitment to all who embrace uncompromising sports-car authenticity. MX-5 Miata is and will remain the real deal. An athletic, agile and purpose-built sports car. A responsive, track-proven icon of design and deliverer of pure exhilaration. An eye-catching driver's machine that has inspired three generations of fast-forward leaps in automotive engineering. Because if it were anything less, we wouldn't...we couldn't... call it what we know it truly is. A sports car. Zoom-Zoom. Forever.

THERE'S "SPORTS CAR" AND THERE'S SPORTS CAR

Mazda: always the soul of a sports car®

The fact that MX-5 Miata has been racing for its entire 20 years relates directly to another amazing fact: On any given weekend, more Mazdas and Mazda-powered cars are road-raced in the U.S. than any other car. Import or domestic. And there's more: Like the fact that Spec Miata is the Sports Car Club of America's (SCCA) largest and most popular amateur racing class. And in terms of pro racing, 2009 marks the fourth season of the SCCA Playboy Mazda MX-5 Cup. Now a 10-race series, the MX-5 Cup attracts many of pro racing's top up-and-comers. A true test of talent and technique, where drivers compete in identically prepped stock MX-5 Miatas on many of America's legendary race courses—including Mazda Raceway Laguna Seca. But you don't need to race your MX-5 Miata to appreciate 20 years of proven reliability and engineering integrity. You'll feel it every time you leave your own driveway.

Mazda is the official vehicle of Skip Barber Driving Schools, Racing Schools and Race Series—the largest, most successful racing/driving schools on the planet. Among its fleet of 170 race cars, there are no less than 60 Mazda MX-5 Cup Miatas race-engineered to deliver 200 hp. What better way to learn to be a safer and more skillful driver?

MAZDA RACEWAY LAGUNA SECA

MX-5 MIATA SPECIFICATIONS & CAPACITIES

SPECIFICATIONS	
Engine size & type	2.0L MZR 4-cyl; aluminum alloy block & cyl head
Valve gear	DOHC 16-valve with variable intake-valve timing
Horsepower, SAE net	167 @ 7000 rpm
	158 @ 6700 rpm (6-speed Sport AT)
Torque, SAE net (lb-ft)	140 @ 5000 rpm
Bore & stroke/compression ratio	3.44 x 3.27 inches/10.8:1
Ignition system/fuel system	Distributorless electronic/multiport fuel injection
Recommended fuel	Premium unleaded gasoline
Steering ratio/turns, lock-to-lock	15.0:1/2.7
Turning circle, curb-to-curb (ft)	30.8
Brakes	11.4-inch ventilated front discs; 11.0-inch solid rear discs

CURB WEIGHTS (lb):	
5-speed manual (SV)	2447
5-speed manual (Sport)	2480
6-speed manual (Touring, GT)	2511
6-speed Sport AT Automatic	2542
	(Sport, Touring, GT) (Touring, GT)
TRANSMISSION RATIOS:	
1st gear	3.136
2nd gear	1.888
3rd gear	1.330
4th gear	1.000
5th gear	0.814
6th gear	-
Final drive	4.100

FUEL ECONOMY:	
5-speed manual	(EPA estimated mpg, city/hwy) (SV, Sport) 22/28
6-speed manual	(Touring, Grand Touring) 21/28
6-speed Sport AT automatic	(Sport, Touring, Grand Touring) 21/28
EXTERIOR DIMENSIONS	
Wheelbase/overall length (in)	91.7/157.3
Overall width/height (in)	67.7/49.0

*Always wear your seat belt and deactivate passenger-side air bag when using any child- or infant-safety seat. †Dynamic Stability Control (DSC) is an electronic system designed to help the driver maintain control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether DSC will be effective in preventing loss of control. Please see your owner's manual for further details. ‡Bluetooth is a registered trademark of Bluetooth SIG, Inc. §MX-5 Sport requires Convenience Package, not available with Premium Package. ¶SIRIUS Satellite Radio reception requires a subscription and Mazda satellite radio receiver accessory kit. Available only in the U.S., except Alaska & Hawaii.

PRODUCT CHANGES & OPTIONS AVAILABILITY: Following publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Your Mazda Dealer is your best source for up-to-date information. Mazda reserves the right to change product specifications at any time without incurring obligations. Options shown or described in this brochure are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations.

ONCE YOU HAVE IT, OUTFIT IT ACCORDINGLY. One of the most enjoyable aspects of getting a new Mazda MX-5 Miata is enhancing it with Genuine Mazda Accessories. All Genuine Mazda Accessories installed by your Mazda Dealer, prior to or at initial vehicle retail delivery, carry the same new-vehicle limited warranty as your new Mazda. See your dealer for details.

FINANCING YOUR MAZDA MADE SIMPLE. Whether you're buying or leasing a new Mazda, Certified Pre-Owned Mazda or a used vehicle, Chase Auto Finance can help make the financing process more convenient and satisfying. One of the largest auto lenders in America, Chase is known for its first-class customer

service, wide range of financing options and highly competitive rates. To find out which Chase purchase or lease plan best meets your needs, talk to your Mazda Dealer. Or visit MazdaUSA.com.

PEACE OF MIND ALSO COMES STANDARD. We want your new MX-5 Miata to be a source of pride, exhilaration and peace of mind for years to come. Which is why every new 2009/2010 Mazda sold in the U.S. is protected by all of the following:

- A 3-year/36,000-mile* "bumper-to-bumper" limited warranty
- A 3-year/36,000-mile* 24/7 Emergency Roadside Assistance program
- A 5-year/60,000-mile* limited powertrain warranty
- A 5-year/unlimited-mileage warranty against body rust-through

For details, please see your Mazda Dealer, or call toll-free 800-639-1000. Or visit MazdaUSA.com.

A Front Mask. Keep your MX-5's front end free of nicks and scratches from bugs and road debris. Custom-tailored for a snug fit. **B** iPod® Integration Module. Taking your Apple® iPod along for the ride just became a lot easier. Mazda's iPod Integration Module allows you to play your iPod through your Mazda's audio system with crystal-clear sound and a built-in battery charger. Works with most 30-pin, dock-connector-equipped iPods. iPod not included. iPod touch shown. Additional components

may be required for installation; contact your Mazda Dealer for details. **C** Splash Guards. Protect your paint finish from rocks and other road debris. Available in all MX-5 colors. **D** Front Air Dam. Gives your MX-5 a lowered, sporty look, especially when combined with the side sills and rear bumper skirt. **E** Side Sills. Continue the sporty look with these side sill extensions. Look best when combined with front air dam and rear bumper skirt. **F** Rear Lip Spoiler. Race-inspired for a complete sports-car look. Color-matched to your MX-5.

WE'D LOVE FOR YOU TO MEET THE WHOLE FAMILY. Head-turning design and pulse-racing performance come in many shapes and sizes. From the award-winning Mazda CX-9 to the envy-inspiring Mazda RX-8. And of course, the scene-stealing Mazda MX-5 Miata. Why not see for yourself? Better yet, drive for yourself. You'll find every Mazda to be brilliantly engineered and totally fun to drive. After all, Zoom-Zoom comes standard on every single one.

Apple and iPod are registered trademarks of Apple Inc. iPhone not compatible with iPod adapter. *Whichever comes first. †SIRIUS Satellite Radio® requires a subscription and Mazda satellite radio receiver accessory kit. Available only in the U.S., except Alaska and Hawaii.

*Available only at authorized MAZDASPEED Dealers.
