

2014 LANCER SERIES

**SPEED PROVIDES THE
ONE GENUINELY
MODERN PLEASURE.**

— *Aldous Huxley*

**MITSUBISHI
MOTORS**

UPGRADE YOUR EXPECTATIONS

Whatever it is you're looking for in a car, you're sure to be impressed. The 2014 Mitsubishi Lancer series is so diverse it will surpass virtually any assumptions you might hold about cars in its class. Its high-tech features alone will stop you in your tracks. That is, until you discover how easily they help you navigate those tracks. If music is your passion, its audio system will captivate even the most discerning ear. Are engines your priority? Lancer offers everything from economical to formidable performance. So why limit your expectations? With Lancer, you can have your astonishment any way you like.

QUICK HISTORY

When it comes to performance, the Lancer and Lancer Evolution aren't mere pretenders to the throne. They have played a key role in Mitsubishi's proud motorsports heritage. A perennial winner on the rally championship circuit, the Lancer Evolution continues to drive automotive innovation. And many of the advancements we develop with our competition vehicles, we put into our production models. You could call it a win-win scenario.

DESIGN

Streamlined Styling • Auto On/Off Xenon HID Headlights
Automatic Climate Control
Color LCD Multi-Information Display
Power Glass Sunroof

DESIGN

MOVING FIXATION

Go ahead. Stare. Lancer's sleek style is captivating, but its appeal is more than skin deep. Every Lancer possesses Lancer Evolution DNA. Its rigid unibody is one of the strongest Lancers ever. Whether you go for the sporty base Lancer, the European styling of the Sportback, or the aggressive Lancer Evolution, you'll be driving a vehicle that was forged in rally competition.

STREAMLINED STYLING

The Lancer's swift shape, with its chiseled lines, is a clinic in performance styling. The front-end design provides smooth over and under airflow for enhanced stability, not to mention improved fuel economy. Sporty accents, like a rear spoiler and 18 in. alloy wheels, not only look good, they also augment performance. Yet, while it's aerodynamic, it's also practical, with ample roof height and a proper hip point. So, once you're done staring, it's easy to get in.

AUTO ON/OFF XENON HID HEADLIGHTS

Available High Intensity Discharge (HID) headlights use xenon gas. They last longer and emit more light than halogen headlights. Even better, the light quality of xenon gas more closely mimics that of the sun, making for better definition and less eye fatigue.

DESIGN

THE CRAFT OF COMFORT

Lancer's spacious interior is as hospitable as it is handsome. From the gloss black accents to the soft touch upper door trim, the materials employed, and the fit and finish, all provide a gratifying, upscale feel. Along with the high-contrast meter gauges, the color LCD multi-information display keeps you thoroughly informed. Its available heated seats are not only supportive, but also elevated for a commanding view. Lancer even offers the convenience of available automatic climate control.

On the Lancer GT, the sport bucket seats are bolstered for performance driving and available with 6-way adjustability for the driver and 4-way adjustability for the front passenger.

AUTOMATIC CLIMATE CONTROL

This available comfort feature helps keep the cabin temperature, fan speed and air source to your liking, so you can keep your hands on the wheel and not on the AC controls.

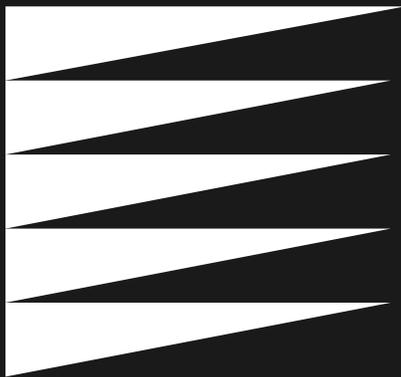

COLOR LCD MULTI-INFORMATION DISPLAY

Lancer's easy-to-read trip computer provides you with helpful information like average speed and gas mileage, instant fuel economy, cruising range to empty, outside temperature and even maintenance reminder info. On Lancer Evolution, the display is linked to the S-AWC system and gives performance information such as current road surface mode and real-time torque distribution.

POWER GLASS SUNROOF

Sporting that blue-sky attitude is easy in the Lancer. Every model in the lineup is available with the luxury of a power glass sunroof.

PERFORMANCE

2.0L MIVEC Engine • 2.4L MIVEC Engine

The Gear to Go • All-Wheel Control

Twin Clutch Sportronic® Shift Transmission (TC-SST)

PERFORMANCE

FIND YOUR MOTIVATION

Whether you're looking for sporty economy or breathtaking acceleration, Lancer has your engine. The ES, SE and GT trims offer two advanced aluminum-block power plants to choose from, and either a 5-speed manual transmission or a Continuously Variable Transmission. Lancer lets you take the winding road ahead in fast or frugal fashion.

2.0L MIVEC ENGINE

Standard on the ES, Lancer's base engine delivers an EPA-estimated 34 mpg highway.¹ Built on an aluminum-block, the 2.0-liter powerplant features dual overhead cams, 16-valves, and produces 148 horsepower and 145 lb.-ft. of torque. The key to its remarkable efficiency is Mitsubishi Innovative Valve-timing Electronic Control technology (MIVEC). MIVEC varies the engine's breathing to achieve more torque, lower emissions and better fuel economy.

2.4L MIVEC ENGINE

Standard on the Lancer SE and GT, the 2.4-liter MIVEC engine is a 16-valve aluminum-block with dual overhead cams. This "long-stroke" engine produces 168 horsepower and 167 lb.-ft. of torque. With a balanced torque to horsepower ratio, the responsive 2.4-liter engine provides quick and confident daily driving power.

PADDLE SHIFTERS

Available on Lancer GT and standard on Lancer Ralliart are race-inspired paddle shifters that offer real hands-on performance. Simply pull the right paddle to upshift and the left paddle to downshift.

PERFORMANCE

LANCER RALLIART

The many advancements we've made in rally competition, we've applied in various degrees across the Lancer lineup. To those who want performance but feel that Lancer Evolution is more than they need, we offer the Lancer Ralliart, a sporty edition inspired by our legendary racing heritage.

THE GEAR TO GO

The Lancer Ralliart has the performance equipment to conjure your racing spirit. Along with a 237-horsepower single-scroll turbocharged engine and full-time AWD, it's bristling with race-inspired features like a rear spoiler and an aluminum hood with heat extractor vents.

ALL-WHEEL CONTROL

AWC combines a full-time 4WD system with our Active Stability and Traction Control system to regulate torque from front to rear. The result is enhanced performance and traction under a variety of road conditions.

TWIN CLUTCH SPORTTRONIC® SHIFT TRANSMISSION (TC-SST)

Full-Time AWC with Active Center Differential (ACD) features front helical and rear mechanical limited-slip differentials. Plus, a standard TC-SST "automated manual" transmission employs two clutches for efficient, yet smooth shifting.

ECOLOGY

Continuously Variable Transmission (CVT)
ECO Light Indicator
Electric Power Steering

ECOLOGY

CONTINUOUSLY VARIABLE TRANSMISSION (CVT)

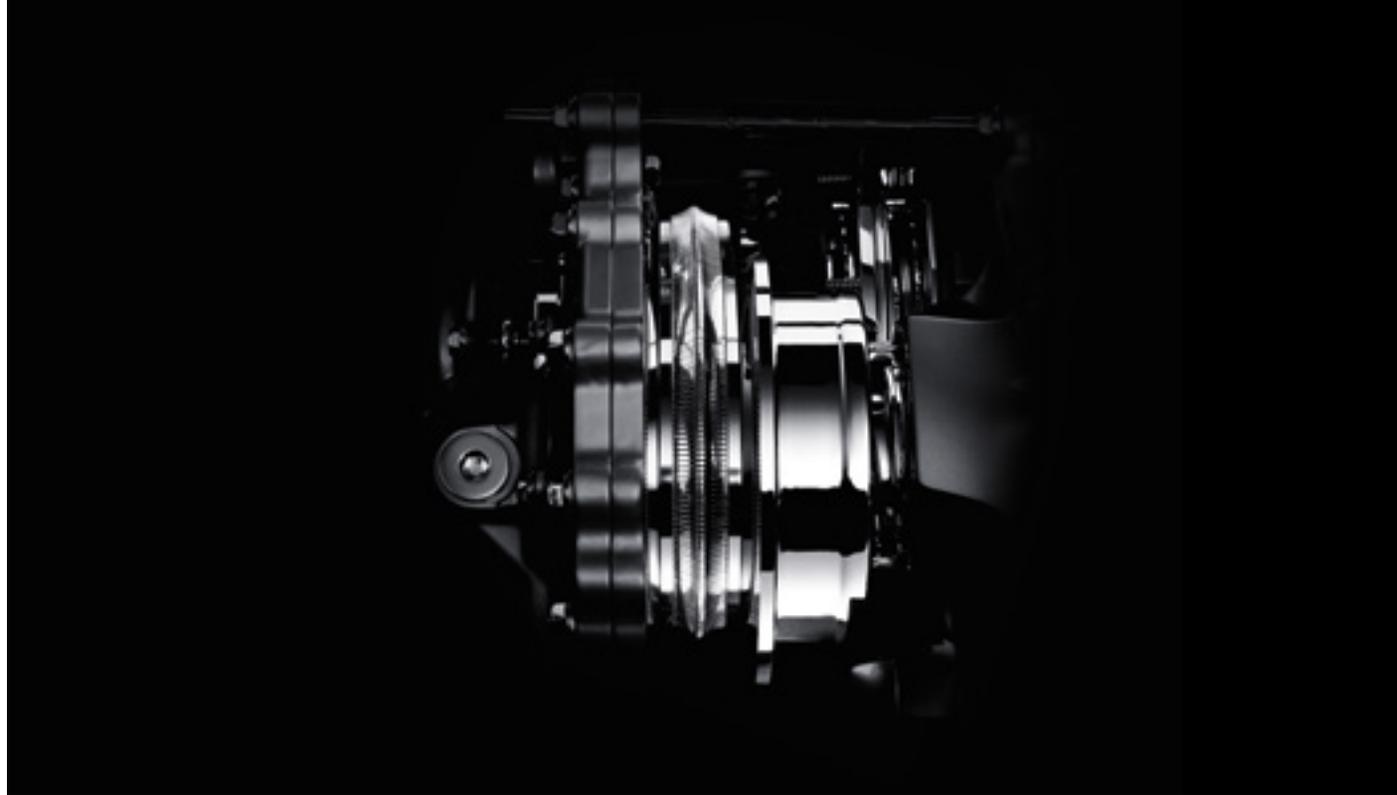

One of the smoothest, most efficient drivetrains available, a CVT operates on a pulley system that allows infinite variability between the highest and lowest ratios. Instead of shifting gears, it adapts to changing vehicle speeds and keeps the engine operating efficiently while improving fuel economy.

ECO LIGHT INDICATOR

This helpful feature illuminates at a given vehicle speed and engine RPM range to let you know that your Lancer is operating at maximum fuel efficiency. The longer you drive with the ECO light activated, the better your fuel economy.

ELECTRIC POWER STEERING

On Lancer ES with the 2.0-liter engine, we've enhanced efficiency with advanced electric power steering. Without the constant burden of a belt-driven hydraulic pump, the engine is able to achieve better fuel efficiency. When the driver turns the steering wheel, the electric power steering system evaluates factors such as rate of rotation, position and vehicle speed to determine the amount of steering assist needed.

SAFETY

Seven-Airbag Safety • RISE Unibody Construction
Active Stability Control and Traction Control
Anti-Theft Security Alarm System with Engine Immobilizer
Rear View Camera System

SAFETY

KNOWLEDGE IS CONFIDENCE

When it comes to safety, our goal is simple: Continue to improve. In fact, both Lancer and Sportback, 4WD models excluded, are rated a 2013 Top Safety Pick with the Insurance Institute for Highway Safety*.

SEVEN-AIRBAG SAFETY*

Lancer's Supplemental Restraint System (SRS) consists of seven airbags, including a dual-stage front, a front-seat side, and side-impact curtain airbags. Lancer also features a standard driver-side knee airbag, which helps stabilize the driver's legs and lower body in the event of a collision.

RISE UNIBODY CONSTRUCTION

Our Reinforced Impact Safety Evolution (RISE) unibody construction offers remarkable protection performance. The unibody is tremendously rigid and includes integrated energy absorbing crumple zones and strategically located reinforcements to help protect occupants in the event of a collision.

* **2013** IIHS TOP SAFETY PICK

SAFETY

ACTIVE STABILITY CONTROL AND TRACTION CONTROL

One of the most significant advancements ever developed, Active Stability Control and Traction Control helps drivers maintain control in adverse conditions and during emergency maneuvers. Sensors monitor traction and work with the anti-lock braking system to counteract slipping. Applying the brakes on specific wheels, the system helps the vehicle track in the driver's intended direction.

ANTI-THEFT SECURITY ALARM SYSTEM WITH ENGINE IMMOBILIZER

This available security system not only sounds off if the vehicle has been entered without the proper key, but also prevents the engine from running unless the key fob is present.

REAR VIEW CAMERA SYSTEM

With visibility compromised, backing up a vehicle is always a safety concern. Lancer's available rear view camera provides a measure of assurance as an image of the area directly behind the vehicle is displayed on the 6.1 in. display audio screen.

TECHNOLOGY

Mitsubishi Multi-Communication System (MMCS)
6.1" Touch Panel Display Audio System
Rockford Fosgate® Premium Audio System
FAST-Key Passive Entry System • HD Radio®

TECHNOLOGY

ENGINEERED TO SIMPLIFY

Sometimes modern life can be overwhelming. Relax. Lancer is equipped with the technology to help you get where you're going and still keep pace with the world outside. Its advanced features allow you to find a route, pick a song, or call a friend, all while concentrating on the road ahead.

MITSUBISHI MULTI-COMMUNICATION SYSTEM (MMCS)

Boasting a 7 in. high-definition touch-panel display, the intuitive Mitsubishi Multi-Communication System (MMCS) offers a host of advanced features, including 3D mapping, expanded Point of Interest (POI) information and road speed limit display, ECO routing and subscription-free Real-time HD Traffic with Diamond Lane Guidance.

FAST-KEY PASSIVE ENTRY SYSTEM

Lancer's FAST-Key (Freehand Advanced Security Transmitter) makes vehicle entry easy. On Lancer and Lancer Evolution, lock or unlock the doors by pressing a button on either front door or, to open the trunk only, by pressing a button on the trunk. On the Sportback, a trunk lever opens the trunk, while also unlocking all the doors. What's more, you can start the engine with the keys tucked away in a pocket or purse.

TECHNOLOGY

6.1" TOUCH PANEL DISPLAY AUDIO SYSTEM

Equipped with a 6.1 in. touch screen, this sleek system sports a high-gloss black finish and uses app-like icons for easy navigation. Features include HD Radio®, SiriusXM® Satellite Radio and on Lancer and Lancer Sportback, a rear view camera system.³ When equipped with FUSE Hands-free Link System, connected via Bluetooth®, it also offers a phone dial screen and contact list importing.⁴

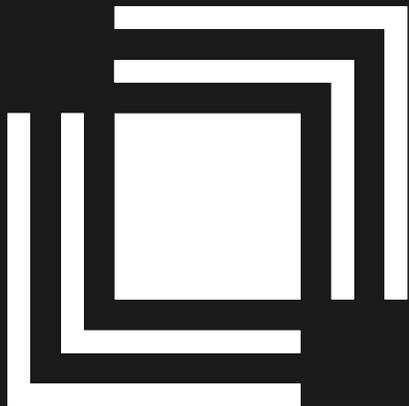

ROCKFORD FOSGATE® PREMIUM AUDIO SYSTEM

Lancer's available Rockford Fosgate® 710-watt audio system powers 8 premium speakers and a 10 in. dual-voice coil subwoofer. The system incorporates an advanced Digital Signal Processor (DSP) and offers the listener Punch Control® over the subwoofer, sound field control over the image and staging of the system as well as the latest DTS Neural Surround® technology.⁵ The system is loaded with features like SiriusXM® Satellite Radio and HD Radio®, along with state-of-the-art technologies, such as Dolby® Volume, PremiDIA HD® and PremiDIA-WIDE® for dynamic audio performance.

HD RADIO®

HD Radio® is subscription-free broadcast radio that's a significant digital upgrade of AM/FM radio with crystal-clear sound quality. When you choose the navigation system, you also receive advanced traffic and data features such as fuel prices and weather updates.

ACCOMMODATION

Cargo To Go

Fifth-Door Functionality

Plug-In Roof Rack

FAST-Key Passive Entry System • HD Radio®

ACCOMMODATION

LANCER SPORTBACK

Who says versatility has to be boring? For those who want a sporty experience but need a little more room for gear, we offer the sleek Lancer Sportback. With a windswept rear and a handy fifth door, it offers both visual appeal and real practicality.

CARGO TO GO

Despite the tapered profile of Lancer Sportback's rear end, its cargo compartment offers a full 52.7 cubic feet of capacity, not to mention easy loading.

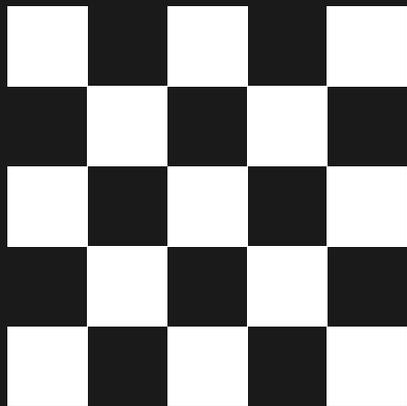

FIFTH-DOOR FUNCTIONALITY

In addition to the wide-open loading advantage of Sportback, it also offers an available dual level cargo floor. With a 60/40 split folding rear seat and a handy cargo lever that quickly drops the seatbacks, you get versatility on top of versatility.

PLUG-IN ROOF RACK

Add even more storage options to your Sportback with this integrated roof system. With a variety of available cargo boxes to choose from, it gives versatility top priority.

2.0L Turbocharged/Intercooled MIVEC Engine

Brembo[®] Brakes • Recaro[®] Seats

Super All-Wheel Control • Balance is Power

Pavement Prowess • Twin Clutch Sportronic[®] Shift Transmission (TC-SST)

HERITAGE

LANCER EVOLUTION

Until you're fortunate enough to drive a Lancer Evolution, we recommend you discard any preconceived notions you might have about it. Lancer Evolution isn't merely a sportier version of the Lancer. It's an entirely re-engineered, high-performance vehicle. Equipped with some of the most advanced performance features ever developed, one turn behind the wheel will leave you in slack-jawed amazement. And the competition in the dust.

2.0L TURBOCHARGED/INTERCOOLED MIVEC ENGINE

Lancer Evolution's engine is truly a marvel of technology. With an all-aluminum block, it sports dual overhead cams, 16 valves and the efficiency of MIVEC. What really sets it apart, however, is an advanced twin-scroll turbocharger. The two scrolls allow for efficient exhaust flow from the cylinders, helping to create quick, reliable boost through the full range of operation. To help handle the turbo boost, the engine's been strengthened with a semi-closed deck and four-bolt main bearing caps. With 291 horsepower at 6,500 rpm and 300 lb.-ft. of torque at 4,000 rpm, Lancer Evolution is definitely built for speed.

HERITAGE

BREMBO® BRAKES

Lancer Evolution's racing-inspired brakes from Brembo® are engineered to help reduce unsprung and rotating weight for better handling without sacrificing any braking performance.

RECARO® SEATS®

Lancer Evolution's remarkable seats aren't just for looks. Sturdy bolsters give the driver and passenger lateral support in even the fastest corners, while textured sport fabric or fine leather upholstery holds them firmly in high-performance comfort.

SUPER ALL-WHEEL CONTROL

This advanced technology is actually a series of advanced technologies orchestrated to work in harmony. Active Yaw Control (AYC) distributes engine torque between the left and right rear wheels, while the Active Center Differential (ACD) distributes engine torque between the front and rear axles. Active Stability Control (ASC) helps keep the vehicle on the intended path when cornering, and Sport ABS with Electronic Brakeforce Distribution (EBD) improves control and stability under hard braking.

BALANCE IS POWER

Much of Lancer Evolution's amazing handling can be attributed to weight distribution. The front fenders, the hood and, on models that don't have a sunroof, even the roof panels are crafted from strong, yet lightweight aluminum. These measures help lower the center of gravity, improve balance and reduce polar inertia.

HERITAGE

LANCER EVOLUTION MR

Revel in awesome performance while enjoying a little more sophistication. Lancer Evolution MR is a more sophisticated edition that features a subtler exterior look, a luxurious cabin experience and a more refined ride. But don't let these amenities curb your driving enthusiasm. Think of it as high-class performance.

PAVEMENT PROWESS

The smoother ride quality of Lancer Evolution MR is achieved with a concert of suspension technologies. High-end performance components, such as BBS® alloy wheels and two-piece front brake rotors, reduce unsprung weight, while Bilstein® shocks and Eibach® springs further improve suspension response and handling.

TWIN CLUTCH SPORTTRONIC® SHIFT TRANSMISSION (TC-SST)

The key to performance is the efficient transfer of power to the pavement, and nothing does the job quite like our TC-SST. This "automated manual" transmission utilizes two clutches to achieve the efficiency of a manual gearbox while allowing smooth, ultrafast automatic shifting. With three shift modes available through a console-mounted switch, the TC-SST allows full power delivery during upshifts and rev matching on downshifts. If you prefer shifting manually you can do that too, either with the gear shifter or the paddle shifters mounted on the steering column.

• Front	Disc 11.9 in.
• Rear	4-channel, 4-sensor with Electronic Brake-force Distribution (EBD)
• Anti-lock brakes	18 in. aluminum alloy
Wheels	P215/45R18
Tire size	

CAPACITIES

Passenger seating	5
Fuel	15.5 gallons
Engine oil	4.5 quarts (4.3 liters)

WEIGHTS

Curb weight	3,120 lbs.
GVWR	4,190 lbs.
Weight distribution (% f/r)	58/42

FUEL ECONOMY¹

City/highway	22/29 mpg
Combined	25 mpg

SPECIFICATIONS

LANCER EVOLUTION GSR

ENGINE

Type	2.0L MIVEC DOHC 16-valve inline 4-cylinder, turbocharged/intercooled
Engine code	4B11 T/C
Materials	Aluminum block/aluminum cylinder heads
Bore x stroke	3.4 x 3.4 in.
Compression ratio	9.0:1
Horsepower	291 @ 6,500 rpm
Torque	300 lb-ft @ 4,000 rpm
Redline RPM	7,000
Emissions	50 State: Tier 2 bin 5 LEV II LEV
Engine oil	5W-30
Recommend fuel	Premium unleaded
Fuel system	MPI

TRANSMISSION

5-speed manual	STD
Super All-Wheel Control (S-AWC)	STD

WARRANTY

Powertrain	10-year/100,000-mile limited warranty	5-year/60,000-mile limited warranty
Basic	5-year/60,000-mile limited warranty	3-year/36,000-mile limited warranty
Anti-corrosion	7-year/100,000-mile limited warranty	7-year/100,000-mile limited warranty

See retailer for limited warranty and roadside assistance terms and conditions.

The 10-year/100,000-mile Limited Powertrain Warranty applies only to the original owner of new, retailed 2014 models purchased from an authorized Mitsubishi dealer. Subsequent owners receive the balance of the New Vehicle Limited Warranty of 5-years/60,000-miles. Different coverage applies to the Mitsubishi i-MiEV, Lancer RALLIART and Evolution. The Mitsubishi i-MiEV, Lancer RALLIART and Evolution have 3-year/36,000-mile coverage for New Vehicles and 5-year/60,000-mile coverage for Limited Powertrain Warranty.

Log on to our website and browse our full lineup of new vehicles, get manufacturer's suggested retail price and customer rebate information and "build" the Mitsubishi that's right for you. The site can help you locate your nearest dealer - or even have a dealer contact you.

FOOTNOTES

- EPA estimates are to be used as a standardized comparison with other vehicles. Your actual mileage will vary depending on how you drive and maintain your vehicle.
- Airbags are part of a Supplemental Restraint System (SRS). To decrease the risk of injury from a deploying airbag, always wear your seat belt, sit upright in the middle of the seat, and do not lean against the door. Always place children 12 and under in the rear seat and use appropriate child restraints. Never place a rear-facing infant restraint in the front seat. See your Owner's Manual and instructions provided with your child restraint for additional information.
- Sirius services require subscriptions, sold separately after 3-month trial included with vehicle purchase. See our Customer Agreement for complete terms at www.siriusxm.com. If you decide to continue your Sirius services at the end of your trial subscription, the plan you choose will automatically renew and bill at then current rates until you call SiriusXM at 1-866-635-2349 to cancel. Programming subject to change. Sirius satellite service available only to those at least 18 and older in the 48 contiguous USA, D.C., and PR (with coverage limitations). Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.
- The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Mitsubishi is under license.
- ©2013 Rockford Corporation. All Rights Reserved. ROCKFORD FOSGATE, PUNCH and associated logos where applicable are registered trademarks of Rockford Corporation in the United States and/or other countries. Specifications subject to change without notice.
- Recaro® is the registered trademark of Recaro GmbH & Co., K.G.

Mitsubishi Motors. California, USA.

At Mitsubishi, we believe not all drivers are created equal. So we build our vehicles for a different breed of driver, the fearless ones who take pride in what they drive, and refuse to drive more of the same. It's obvious to us that people who truly want distinctive styling and the latest technology see past the procession of bland imitations. We believe that every vehicle we make should stand for something. Something more than expected. And that's why we don't build Mitsubishi cars for stereotypes. We build them for you.
