Ridgeline

Ridgeline Sport shown in Crystal Black Pearl.

Take it places other pickup trucks can't go. Like a gallery opening.

Of course a pickup truck has to be tough, rugged and powerful. But why stop there? It ought to have a few more tricks up its sleeve. That's why we built a tough, rugged, powerful pickup that also has brains, style and sophistication. We gave it a closed-box frame and a striking Sport Trim, and we packed it with innovative features like a lockable In-Bed Trunk,[®] rearview camera and *Bluetooth*^{®1} HandsFreeLink[®] (RTL with Navigation), just to name a few. The result? We transformed a vehicle that's been known for its utility into one famous for its versatility. The Honda Ridgeline.

Ridgeline RTL shown in Crystal Black Pearl with accessory towing kit and hitch ball.²

We thought of everything, so you can do almost anything.

The name of the game is options. The Ridgeline has a large, hidden lockable In-Bed Trunk, and an innovative cargo bed that can be configured many different ways, so you can haul a lot more than you're used to. And whether you're on pavement or dirt, the 250-hp* engine, independent suspension and sophisticated 4WD system get you there with power and grace.

*SAE net.

THE LOCKABLE IN-BED TRUNK

Keeps gear secure and out of sight. Its weather-tight, 8.5-cubic-foot capacity³ can accommodate large items, like golf clubs and coolers.

Ridgeline's cargo bed can handle just about anything you need to haul. And its sturdy tailgate and available bed extender give you even more space to work with.

The dual-action tailgate opens down like a typical truck, but it also swings out to the side, so you'll have easy access to your cargo and In-Bed Trunk.

Honda reminds you to properly secure items stored in the cargo area.

Ridgeline RTL shown with Gray Leather and available Honda Satellite-Linked Navigation System.^{TM4}

It's officially OK for a truck to be this comfortable.

Sit back, enjoy the ride and leave the hard work to the truck. The Ridgeline's unique body design creates a wider, deeper cabin with plenty of room for five adults. And the smart details and high-tech touches throughout win over even the staunchest pickup purists. The steering-wheel design features integrated buttons for the cruise control, stereo system (Sport, RTS and RTL) and available *Bluetooth*¹ HandsFreeLink. The available dual-zone automatic climate control system and heated front seats are also really easy to get used to.

Ridgeline RTL shown with Gray Leather and available Honda Satellite-Linked Navigation System.⁴

The thoughtfully designed interior puts everything right where it should be, like the center console with multiple storage compartments and a 115-volt power outlet (RTL). The available Honda Satellite-Linked Navigation System⁴ with voice recognition always has your coordinates front and center. Shift into reverse and the same screen serves as a rearview camera display (RTL with Navigation). All other models include a rearview camera display built into the rearview mirror.

Ridgeline RTL shown in Modern Steel Metallic with available Honda Satellite-Linked Navigation System.⁴

We've earned our stripes in safety.

With all the work we've put into Ridgeline, we're most proud of our accomplishments in safety. From its reinforced, rigid unit body and six standard airbags to its sophisticated stability systems, the Ridgeline is serious about safety. And no matter which Ridgeline you choose, you'll be glad to know that each and every safety feature comes standard.

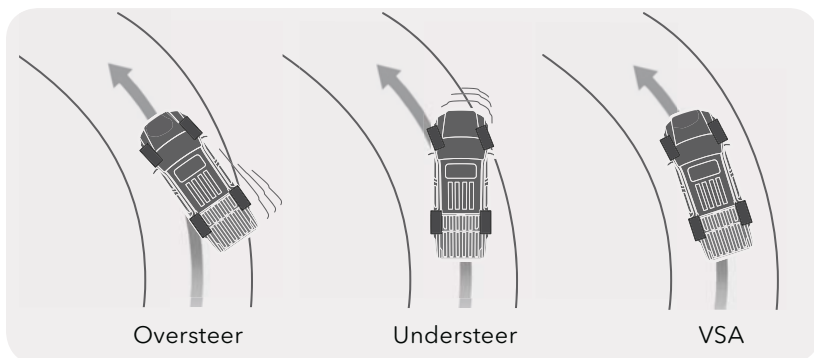

Front, front side, and side curtain airbags are all standard. The front seats feature active head restraints that are designed to move up and forward in a rear collision to help reduce the likelihood of neck injury.*

*Honda reminds you and your passengers to always buckle up. Children 12 and under are safest when properly restrained in the rear seat.

Airbags inflated for display purposes.

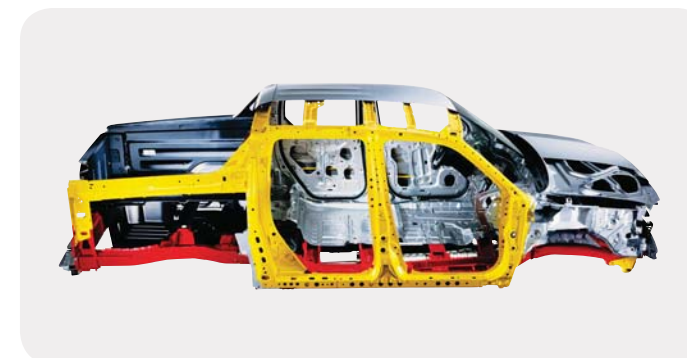

Ridgeline RTL shown with Gray Leather.

Vehicle Stability Assist™ (VSA)[†] with traction control can detect oversteer or understeer and reduce the amount of engine torque and/or use the vehicle's ABS system to brake individual wheels as needed to help restore your intended course.

Brake Assist, a component of the anti-lock braking system (ABS), helps apply full braking force in some emergency situations. Electronic Brake Distribution (EBD) helps balance braking forces depending upon dynamic loading.

The Ridgeline's first line of defense is a reinforced unit body that incorporates a closed-box frame with internal high-strength steel frame stiffeners. Both the frame rails and all seven crossmembers feature box-section construction. The result is a remarkably high torsional rigidity.

The Ridgeline's standard Tire Pressure Monitoring System (TPMS)[§] continually checks the pressure of each tire, alerting the driver with an in-dash display when a particular tire's pressure is significantly low.

[†]VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.

Ridgeline RT

- 250-hp,⁶ 3.5-liter, 24-valve SOHC VTEC[®] V-6 engine
- 5-speed automatic transmission
- Drive-by-Wire throttle system
- ULEV-2 CARB emissions rating⁷
- EPA mileage ratings⁸ (city/highway/combined): 15/21/17 mpg
- Variable Torque Management[®] 4-wheel drive system (VTM-4[®])
- Locking rear differential
- 5,000-lb. towing capacity²
- 1,546-lb. total payload capacity
- High-mounted fresh-air intake
- Heavy-duty automatic-transmission and power steering coolers
- Heavy-duty radiator with dual 160-watt fans
- Integrated closed-box frame with unit-body construction
- Steel-Reinforced Composite (SRC) cargo bed
- 4-wheel independent suspension
- Anti-lock braking system (ABS) with EBD and Brake Assist
- Vehicle Stability Assist[™] (VSA[®]) with traction control
- Front, side and side curtain airbags with rollover sensor
- Tire Pressure Monitoring System (TPMS)⁵
- Dual-action tailgate
- In-Bed Trunk[®]
- Rearview mirror, including rearview camera with guidelines
- Power windows, door locks and mirrors
- Steering wheel-mounted cruise controls
- 60/40 lift-up rear seat with underseat storage
- 100-watt AM/FM/CD audio system with 6 speakers

Ridgeline Sport (Adds to or replaces RT features)

- Black mesh grille with Sport emblem
- Headlights with black-trimmed bezels
- Brake lights with black-trimmed bezels
- Fog lights
- 18-inch black, machine-finished alloy wheels
- Privacy glass
- All-weather heavy-duty floor mats
- Steering wheel-mounted cruise and audio controls
- Leather-wrapped steering wheel
- MP3/auxiliary input jack

Ridgeline RTS (Adds to or replaces RT features)

- 17-inch alloy wheels
- Security system
- Privacy glass
- Body-colored side mirrors
- Dual-zone automatic climate control system
- All-weather heavy-duty floor mats
- Steering wheel-mounted cruise and audio controls
- Driver's seat with 10-way power adjustment, including power lumbar support
- 160-watt AM/FM/6-disc in-dash audio system with 7 speakers, including subwoofer
- MP3/auxiliary input jack
- Exterior temperature indicator

Ridgeline RTL (Adds to or replaces RTS features)

- 18-inch silver, machine-finished alloy wheels
- Leather-trimmed interior
- Heated front seats
- Leather-wrapped steering wheel
- Heated side mirrors
- HomeLink^{®9} remote system
- Ambient console lighting
- 115-volt power outlet
- Power moonroof with tilt feature
- XM[®] Radio¹⁰

Ridgeline RTL with Navigation (Adds to or replaces RTL features)

- Honda Satellite-Linked Navigation System^{™4} with voice recognition, rearview camera and compass
- Bluetooth^{®11} HandsFreeLink[®]
- Steering wheel-mounted phone and navigation controls

All 2014 Honda vehicles - and any Honda Genuine Accessories installed at the time of vehicle purchase - are covered by a 3-year/36,000-mile limited warranty.¹¹ Plus, Honda cars and trucks are covered by a 5-year/60,000-mile Limited Powertrain Warranty,¹¹ too. For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

Whether you buy or lease a Honda vehicle, Honda Financial Services can assist you with the process. Please ask your dealer which lease or purchase plan best suits your needs.

Honda Care[®] is an affordable, comprehensive vehicle and travel protection plan backed by Honda reliability, service and parts. Please see your Honda dealer for details.

Manufactured to the same strict standards as Honda vehicles, Honda Genuine Accessories are the perfect way to personalize and protect your vehicle. Please see your Honda dealer for details.

Powerful. Agile. Versatile enough to handle almost any condition. It's no wonder Honda is the official vehicle of the NHL.^{®12}

¹The *Bluetooth*[®] word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. ²Towing requires the addition of the Honda accessory towing kit and hitch ball. Trailer harness standard on RTS and RTL models. Premium unleaded fuel recommended when towing. Please see your Honda dealer for details. ³Carrying too much cargo or improperly storing it can affect the handling, stability and operation of this vehicle. Follow applicable load limits and loading guidelines. ⁴The Honda Satellite-Linked Navigation System is available on the RTL model in the United States, except Alaska. Please see your Honda dealer for details. ⁵For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details. ⁶250-hp @ 5700 rpm (SAE net). ⁷ULEV-2 (Ultra-Low-Emission Vehicle) models as certified by the California Air Resources Board (CARB). ⁸15 city/21 highway/17 combined mpg rating.
