

# 2015 Volkswagen Family

Das Auto.

**The journey begins here. Whether you're taking your first big step up the ladder, living large in the city, or starting a family—Volkswagen has built a car with German precision, the latest technology, fine-tuned performance, and the versatility you can count on. It's safe to say our quality goes a really long way. That's the Power of German Engineering.**

# It's only a family car when the family is in it.

Who says when you reach a certain age you have to settle for a certain car? With the Passat, you gain everything without losing anything. It's the midsize that has more to give, inside and out. You see, it's not just perfect for the family, it's perfect for you.

# Feel. It's our best feature.

It's not just about bells or whistles. It's about the fundamentals of German engineering, craftsmanship, luxury, and attention to detail that make the Jetta so dynamically Jetta. Tactile and tangible, these signatures of design and quality create a difference you cannot only see and hear but, most importantly, feel.

## Jetta Hybrid

Who knew you could describe a hybrid without it sounding like a hybrid? Sporty looks. Great performance. Fun to drive. Guess there's a first for everything.

# Outpaces and outspaces.

Few cars have gripped drivers as instantly as the Golf GTI. Considering it's both defined and redefined the hot hatch for over 30 years, it's no wonder. Fast-forward to today, and we've given this model the most horsepower and torque of any Golf GTI ever built for the U.S. Not to mention it's more versatile than ever before. Something you should get used to pretty quickly.

## Golf R

Why not go public with your performance obsession? The all-new Golf R is the most powerful Golf. Ever. And with 4MOTION® all-wheel drive, it takes its aggressive nature to more places. At a glance, it's the iconic hatch that the world loves. But if you're fast enough to catch a better look, you'll notice several sporty features we added to this model. When it comes to performance, the Golf R has nothing to hide.

## Seeking adventure seekers.

You might find adventure in the mountains, the valleys, the lakes, and even the city. But in the Golf SportWagen, adventure always finds you. It has enough room for your snowboards, skis, bikes, dogs, and friends. So load it up and point it in any direction. Because adventure is around every corner.

# Stand out, even on the move.

Is there a rule that says all SUVs have to look and feel the same? Not for the Tiguan. Sure, it's versatile and filled with technology. But this feels solid. Crafted. And the Tiguan even has something extra under the hood: a turbocharged engine that comes standard. See, going your own way really is the way to go.

## Tiguan R-Line

Sporting an R-Line design, extended wheel arches, a sport suspension, an R-line steering wheel, and more aggressive wheels, this Tiguan is a thrilling ride even while parked.

**Touareg Hybrid**

It's the supercharged, no-compromise luxury hybrid. With 380 horsepower, this hybrid has plenty of horsepower and performance packed in a V6, and has better fuel efficiency\*\* to boot. We call it super for a reason.

**All roads lead to Touareg. And vice versa.**

In our newly refined luxury SUV, you're not afraid to haul, explore, work, or just get dirty. For Touareg, luxury is defined by more than available leather and wood accents. Instead, it's the confidence to go your own way, knowing you have a heck of a sidekick.

**CC R-Line**

Go ahead and stare, it's not the first time. With its R-Line bumpers, special R-Line badged door sills, and 18" alloy wheels, this CC will be in the spotlight at every single stoplight.

**In some cases,  
looks are everything.**

And it's why we made the CC. Because we thought you might like a car that's not just loaded with features, but also one loaded with sophistication and style. And with its sporty performance, it looks like heads will turn a lot quicker when you pass by.

German engineered.

Through and through.

**Quality.** With us, it's all the little things that make the big difference. The way everything is precisely put together. The way a door gives a solid thunk when it closes. The way the interior feels to the touch. We put the best of our know-how into every car we build.

**Design.** Beautiful design is something you know the second you see it. Those elegant curves and clean lines are part of every Volkswagen on the road. But enough staring at it. You'll appreciate it even more behind the wheel.

**Safety.** You may never see it, or even experience it, but we've designed every Volkswagen to help keep you safe. In fact, we've even designed them to help alert you when there might be some close calls.

**Performance.** Underneath the beautiful exterior of every Volkswagen is the true heart of it all. The available turbocharged engines, sport-tuned suspensions, and DSG automatic transmissions are all geared for one thing: the driver.

**Premium audio.** We know the music you pick for the drive is important. So we developed available premium sound systems with the likes of Fender® and Dynaudio® that put every driver front row and center.

**Bluetooth technology.** It's the coolest way to connect. After you've synced your compatible Bluetooth-equipped device, you can stream your music and make phone calls while keeping your hands on the steering wheel.

**Volkswagen Car-Net.** With available VW Car-Net connected car features, you'll be synced and supported on the go. So you can find that roadside diner or get Roadside Assistance all with a simple touch of a button.\*
