THE 2010 LX

The LX gives you virtually everything you could want in a rugged off-road vehicle—without making you feel like you're actually driving one. The spacious interior surrounds you with the finest amenities, while technologies like Active Height Control (X-AHC) and full-time four-wheel drive allow you to take on just about anything. Clearly, this is no ordinary vehicle of utility. This is the Lexus LX. Power on.

THIS IS

LEAVE IT ALL BEHIND
WHILE TAKING IT ALL WITH YOU.

Sometimes you just need to get away. But that doesn't mean you have to make sacrifices. The LX offers an array of indulgences to help keep you and your passengers comfortable and content. So much so, you might even say the LX is a destination in itself.

NATURAL BEAUTY ISN'T EXCLUSIVE TO THE GREAT OUTDOORS.

The LX is tough enough for rocks, mud and sand, but its interior appointments may lead you to think otherwise. Consider the available perforated semi-aniline leather-trimmed seats, stitched so precisely not a wrinkle shows when the front seat cushions are adjusted. They're available in two shades, Dark Gray and Cashmere, each chosen to perfectly complement the paint of the LX exterior. A medium brown walnut wood trim is standard. Or if you prefer an even more exclusive feel, opt for the furniture-grade African bubinga. No, this isn't roughing it. It's something much more inviting.

WHEN IT COMES TO THE
PERFECT TEMPERATURE,
EVERYONE HAS A DIFFERENT TAKE.

68°

71°

74°

62°

To help prevent any heated debates about the interior climate of the LX, we divided the cabin into four individual zones, allowing those in each area to set their desired temperatures. The front seats are also available with individual heating and cooling systems. And for your passengers, you can opt for heated second-row seats. After all, if there's anything you should expect from a vehicle's luxury accommodations, it's the ability to accommodate.

DECIDEDLY INDECISIVE.

With the LX's versatile seating configurations, you'll be prepared for just about any scenario. The power-slide second-row seat offers a 40/20/40-split fold to accommodate a variety of items. A simple lever tumbles the seat forward and out of the way, providing even more cargo space.¹

Additional versatility can be found in the power third-row seat. It splits 50/50. And at the touch of a button, it quickly stows itself away to the sides, providing more than ample room for those things you just can't live without.

THE BEST WAY
TO IMPROVE
A ROAD TRIP?

6 OF YOUR FAVORITE
PEOPLE.

A REAR DOOR THAT OPENS
AND CLOSES WITH THE SAME
AMOUNT OF EFFORT:
NONE.

The LX is designed to overcome virtually any obstacle with ease, including the opening and closing of its power rear door. Just press a button on your key fob and the power rear door gently rises to accept your cargo. Another touch of the button and the rear door gracefully closes. A sensor automatically lifts the door if the system detects something is in the way, and the tailgate can be lowered for even more convenient loading and unloading.

SAFETY CONNECT

DESIGNED TO SAFEGUARD YOUR LIFE.

With Safety Connect^{2,4} you can receive emergency help at a moment's notice, whether that means assisting the police with locating your stolen vehicle or requesting Enhanced Roadside Assistance⁶ for a flat tire. The Safety Connect^{2,4} service also features Automatic Collision Notification, which instantly sends a call for help the moment the system senses the vehicle has been in a severe rear-end collision or the airbags⁷ have been deployed.

LEARN MORE

LEXUS ENFORM

DESIGNED TO SIMPLIFY YOUR LIFE.

With the available Lexus Enform^{2,3} system, you can speak to a live service agent, 24 hours a day, seven days a week. You don't have to memorize any numbers, navigate through seemingly endless screens—or even have your cell phone with you.

Need an address? Simply select Destination Assist on the LX's available navigation screen for live assistance. Once you've decided on a location, your agent can send the turn-by-turn directions straight to your vehicle's Navigation System.⁵ Planning a trip? You also have the option of pre-selecting up to 200 destinations yourself online and having them all sent to your vehicle.

THE LATEST ADVANCEMENT IN VOICE RECOGNITION:

THE ABILITY TO JUST SPEAK NATURALLY.

The human voice is a powerful thing, especially when you consider what it can do with the LX Navigation System.⁵ Commands are more intuitive, so if you want to find the nearest gas station, you simply say, "Find the nearest gas station," and the navigation screen displays locations in your immediate vicinity. Once a destination is selected, up to three different routes are provided, along with audible and visual directions.

The voice-command system can even be used with compatible *Bluetooth*^{®8} cell phones. Say, "Call Jennifer at work" or "Let's call 310-555-1212," and moments later she's on the line.

The voice-command system is also integrated with a range of available XM[®] Radio^{5,9,10} services, including XM NavTraffic^{®5,10} for real-time traffic reports and XM NavWeather^{™5,10} for real-time weather reports, not to mention XM[®] Sports and Stocks.^{5,10} To find out more about XM Radio,^{5,9,10} please visit www.lexus.com/xmradio.

Not only can the LX take you just about anywhere, with a 0-to-60 time of a mere 7.4 seconds^{16,17}, it can get you started faster.

Optional equipment shown. See disclaimers on page 67.

A FEATURE RARELY FOUND IN AN OFF-ROAD VEHICLE: ABILITY ON THE ROAD.

You might expect the LX to perform exceptionally well over rocks and up steep grades, but it's also engineered to handle those winding coastline highways.

Adaptive Variable Suspension (AVS) continually adjusts the shock-absorber stiffness to help provide the most appropriate ride comfort and handling precision. At the same time, Variable Gear-Ratio Steering (VGRS) helps ensure more controlled steering response at highway speeds and reduces the steering effort required during parking-lot speeds for easier maneuvering.

Finally, the TORSEN[®] torque-sensing limited-slip center differential¹⁸ allows the LX to efficiently distribute engine power between the front and rear axles, helping to ensure proper torque distribution and enhance vehicle control.

SPECS

A CRUISE-CONTROL SYSTEM THAT PRACTICES COMMON COURTESY.

To help ensure the LX doesn't get too close to the vehicle traveling ahead, the available Dynamic Radar Cruise Control¹³ system adjusts the throttle and applies the brakes whenever necessary, helping to maintain a pre-set following distance. Once the lane appears clear, the LX resumes its pre-set cruising speed.

WHEN THE ROAD THROWS YOU A CURVE, MAKE SURE IT'S PROPERLY ILLUMINATED.

At speeds above 6 mph, the Dual-swivel Adaptive Front Lighting System (AFS) rotates the headlamps to help illuminate curves ahead. Depending on steering input, the headlamps can swivel up to 9 degrees in a left turn and up to 4 degrees in a right turn.

Daytime running lights help make the LX more visible to oncoming motorists. And automatic headlamp washers can be set to deploy when you use the front windshield wipers.

WHEN YOUR VEHICLE CAN DO THIS, ASPHALT IS A CAKEWALK.

The Crawl Control²⁰ system can automatically maintain a low and steady speed on difficult off-road terrain, leaving you free to concentrate on another important task: steering the LX.

383 HORSEPOWER¹⁶ IN FRONT:
JUST ONE REASON IT CAN HANDLE
8,500 POUNDS¹⁹ IN BACK.

With a 5.7-liter V8 engine mated to a six-speed sequential-shift transmission, the LX churns out an impressive 403 lb-ft of torque¹⁶—90% of which is available at a low 2,200 rpm. It all adds up to incredible power, so you can comfortably haul just about anything, from a 26-foot sportboat to a two-horse trailer.

WHEN YOUR VEHICLE CAN DO THIS, ASPHALT IS A CAKEWALK.

The Crawl Control²⁰ system can automatically maintain a low and steady speed on difficult off-road terrain, leaving you free to concentrate on another important task: steering the LX. Play the video to learn more.

UNSURE HOW TO ADJUST THE VEHICLE'S
HEIGHT TO THE TERRAIN?

HAVE THE LX
DO IT FOR YOU.

When you're faced with the seemingly impassable, the only thing better than a vehicle that can make it over obstacles is one that can make it easy. Case in point, systems like Active Height Control (X-AHC) and Adaptive Variable Suspension (AVS). By increasing wheel articulation off-road and adjusting the vehicle's height to the current driving conditions, the two systems work together to help provide better ground clearance and a more secure foundation, whether you're on or off the road.

CAN YOU SPOT THE PATCH OF ICE ON THE ROAD? MORE IMPORTANTLY, CAN YOUR VEHICLE?

The Multi-terrain Anti-lock Braking System (ABS) monitors things like engine output and acceleration rate and is designed to help determine the surface the LX is driving on—be it snow, ice, gravel or sand. It then selects the most suitable brake application for the current driving situation, helping to achieve shorter stopping distances on a variety of road surfaces.

In sand or loose gravel, the system is designed to enable a certain degree of wheel slip so a “wedge” can form under the tires, helping to decrease stopping distances by up to 30%, while also maintaining steering control.

On ice or wet asphalt, the braking system is designed to sense a potential loss of traction and help reduce the likelihood of the wheels locking up.

WHEN IT COMES TO YOUR SAFETY,
THERE'S NO SUCH THING AS
OVERDOING IT.

DESIGNED TO HELP KEEP YOU FROM LOSING TRACTION, NOT TO MENTION YOUR COOL.

The LX is as capable off-road as it is on. A TORSEN[®] torque-sensing limited-slip center differential¹⁸ allows the LX to efficiently distribute engine power between the front and rear axles. Together, the full-time 4WD and Active Traction Control (A-TRAC) help reduce tire spin. Power is distributed to the wheels with traction, helping you drive in slick and off-road conditions without losing control. To help minimize frustration even further, the center differential can be locked for maximum traction in especially difficult off-road situations.

Optional equipment shown. See disclaimers on page 67.

The LX features a total of 10 airbags⁷—the most in its class. This Supplemental Restraint System (SRS), includes knee airbags⁷ for the driver and front passenger. The front passenger's seat is also equipped with an occupant classification system designed to prevent airbag deployment if it determines the seat is unoccupied or if it detects a Child Restraint System (CRS) in the seat. In addition, seat-mounted side airbags⁷ help protect the torsos of the driver, front passenger and second-row outboard passengers in certain types of severe side impacts. Roll-Sensing Curtain Airbags (RSCA)⁷ are also included for the driver, front passenger and occupants in the second and third rows, which can be deactivated for certain off-road conditions.

Optional equipment shown.

OVERALL LENGTH 196.5 in (4,991 mm)

20-in 10-spoke alloy wheels²⁵
STANDARD

20-in 10-spoke
Liquid Graphite-finished alloy wheels²⁵
AVAILABLE

22-in F-Sport™^{26,27}
five-spoke forged alloy wheels²⁸
AVAILABLE

SPECIFICATIONS

GENERAL

TYPE	Eight-passenger luxury utility vehicle
CONSTRUCTION	Welded-steel body on box-section ladder frame
CURB WEIGHT	5,995 lb (2,719 kg)
APPROACH ANGLE	31°/29° (AHC High/AHC Normal)
DEPARTURE ANGLE	23°/20° (AHC High/AHC Normal)

ENGINE

TYPE	90° V8, aluminum block and heads
DISPLACEMENT	5.7 liters (345.6 cubic inches)
VALVETRAIN	Four cam, four valves per cylinder, with dual Variable Valve Timing with intelligence (VVT-i)
COMPRESSION RATIO	10.2:1
HORSEPOWER AT RPM	383 hp @ 5,600 ¹⁶
TORQUE AT RPM	403 lb-ft @ 3,600 ¹⁶
EMISSION RATING	Certified Ultra-Low Emission Vehicle (ULEV II)

PERFORMANCE

0-60 MPH ACCELERATION	7.4 seconds ^{16,17}
1/4-MILE ACCELERATION	15.8 seconds ^{16,17}
TOP TRACK SPEED	137 mph ^{16,17}
EPA FUEL ECONOMY ESTIMATES	12/18 mpg (city/highway) ²⁹
AERODYNAMIC DRAG COEFFICIENT	0.35
TURNING CIRCLE	38.7 ft

SPECIFICATIONS

LUXURY AND CONVENIENCE

SmartAccess^{31,32} with push-button Start/Stop

Four-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode

Lexus Memory System to control power driver's seat (except lumbar), outside mirrors and steering wheel

Power tilt-and-telescopic steering column with automatic tilt-away

Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade

Power windows with one-touch auto open/close

Remote-linked window and moonroof opening

Electrochromic (auto-dimming) inside rearview mirror and outside mirrors

Auto on/off projector-beam halogen headlamps

Adaptive Variable Suspension (AVS)

Active Height Control (X-AHC)

Roof rack with rails^{33,34}

Cruise control

Power tailgate closer

Illuminated entry system

HomeLink® universal transceiver to operate compatible garage, gate, home lighting and home security systems

Lexus Personalized Settings (LPS) to customize select electronic functions³⁵

Rear spoiler

Dual-compartment center console with accessory power outlet

Running boards with built-in courtesy lights

Integrated tow-hitch receiver¹⁹

Privacy glass

SEATING AND TRIM

Leather-trimmed interior

Medium brown walnut interior trim

Wood- and leather-trimmed steering wheel and shift knob

14-way driver's (including dual-function lumbar and cushion extender) and 12-way front passenger's (including lumbar) power seats

Heated front seats

Power-sliding, 60/40 split middle-row seat with 40/20/40 split seatback

Power-folding, 50/50 split third-row seat

COMMUNICATION, AUDIO AND NAVIGATION

Lexus Enform™^{2,3} offers Destination Assist, eDestination and Lexus Insider

Safety Connect™^{2,4} offers Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance⁶ services

HDD Navigation System⁵ including voice command, color LCD display with integrated backup camera¹² and Enhanced *Bluetooth*® technology⁸

XM® Radio,^{5,9,10} XM NavTraffic,^{5,10} XM NavWeather^{5,10} and XM® Sports and Stocks^{5,10} complimentary 90-day trial subscription

Lexus nine-speaker Premium Sound System with Digital Sound Processor, Automatic Sound Levelizer (ASL) and in-dash, single feed, six-disc CD auto-changer

USB audio input for iPod®³⁶/compatible music player integration with audio system

Bluetooth audio³⁷ profile for wireless integration of compatible music players with in-vehicle audio system

INSTRUMENTATION AND CONTROL

Steering-wheel-mounted audio controls

Electroluminescent instrumentation

Multi-information display

As shown in 2009 GX.

Shown with ball mount. Both sold separately.

STANDARD SAFETY AND SECURITY FEATURES

ACTIVE SAFETY

Vehicle Stability Control (VSC)³⁰

Four-wheel Active Traction Control (A-TRAC)

Four-wheel ventilated power-assisted disc brakes

Four-sensor, four-channel Multi-terrain Anti-lock Braking System (ABS)

Brake Assist²⁴

Electronic Brakeforce Distribution (EBD)

Full-time four-wheel drive with TORSEN[®] limited-slip center differential¹⁸

Crawl Control²⁰

Manual-locking center differential

Hill-start Assist Control (HAC)³⁸

Variable Gear-Ratio Steering (VGRS)

Dual-swivel Adaptive Front Lighting System (AFS)

Direct Tire Pressure Monitor System³⁹

Rain-sensing intermittent windshield wipers with mist cycle and deicer

Intermittent rear-window wiper with washer

Headlamp washers

Daytime running lights

Integrated foglamps

LED taillamps

Rear-window defogger with auto-off timer

Power-adjustable, auto-folding outside mirrors with defoggers, puddle lamps and auto tilt-down in reverse

PASSIVE SAFETY

Driver's and front passenger's advanced airbag system (SRS)⁷ with front passenger's twin-chamber airbag (SRS)⁷

Front seat-mounted side airbags (SRS)⁷

Driver's and front passenger's knee airbags (SRS)⁷

Middle-row seat-mounted side airbags (SRS)⁷

Front-, middle- and third-row Roll-Sensing Curtain Airbags (RSCA) (SRS)⁷

Active front headrests²³

Collapsible steering column

Three-point seatbelts for all seating positions

Front seatbelt pre-tensioners and force limiters

Seatbelt pre-tensioners for middle-row outboard seats

Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver's seat

Height-adjustable front- and middle-row shoulder belt anchors

Child Restraint Seat anchor brackets for middle row, outboard

Highly rigid body structure with front and rear crumple zones

Reinforced ladder-type frame

Side-impact door beams

Impact-dissipating upper interior trim

SECURITY

Safety Connect^{™2,4} offers Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance⁶ services

Vehicle theft-deterrent and engine-immobilizer system,³² with in-key transponder

As shown in 2009 GX.

Shown with ball mount. Both sold separately.

OPTIONS*

F-Sport^{26,27} 22-in five-spoke forged alloy wheels²⁸

Mark Levinson 19-speaker, 450-watt @ less than 0.1% THD, 20-20,000 Hz⁴² Reference Sound Sound Audio System,¹⁴ 7.1 architecture and in-dash, single-feed, six-disc DVD/CD auto-changer featuring DVD-audio and DVD-video playback

Wide-view Front and Side Monitor System¹¹ with Intuitive Parking Assist

DVD Rear-Seat Entertainment System (RSES)

Climate-comfort driver's and front passenger's seats and heated middle-row seats

Wireless headphones¹⁵

Pre-Collision System (PCS)²² and Dynamic Radar Cruise Control¹³

OPTION PACKAGE*

LUXURY PACKAGE

African Bubinga[†] interior wood trim

Perforated semi-aniline leather-trimmed interior

Front-seat cool box

SmartAccess^{31,32} card key

20 x 8.5-in 10-spoke alloy wheels with Liquid Graphite finish²⁵

Second-row heated seats

Climate-control front seats

[†]African Bubinga is available with luxury package only.

WARRANTY

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *LX Warranty and Services Guide* at your Lexus dealer for details.

1. Cargo and load capacity limited by weight and distribution. **2.** Available beginning Fall 2009 on select Lexus models. Contact with the Lexus Enform response center is dependent upon the telematics device being in operative condition, cellular connection availability and GPS satellite signal reception, which can limit the ability to reach the response center or receive support. Enrollment and Telematics Subscription Service Agreement required. A variety of subscription terms is available; charges vary by subscription term selected. **3.** Lexus Enform premium services Destination Assist and eDestination will function in the contiguous United States and Washington, DC. These services may also function in Hawaii and limited areas of Alaska for vehicles that contain map data for those states. They will not function in Canada or in other countries outside the United States. **4.** Safety Connect™ services will function in the United States, including Hawaii and Alaska, and in Canada. The services will not function outside of the United States in countries other than Canada. **5.** The Navigation System is designed to assist in locating an address or point of interest. XM® Radio, XM NavTraffic®, XM NavWeather™, XM NavWeather™ and XM® Sports and Stocks require a monthly service fee and hardware. XM NavTraffic is designed to provide real-time traffic or alternative routes of travel; XM NavWeather is designed to provide real-time weather and forecasting information in your general vicinity and along your route of travel. Discrepancies may be encountered between the system and your actual location. Road system and weather changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic Navigation updates available at an additional cost. Please see your *Navigation System Owner's Manual* for further details. **6.** Coverage only available in the continental U.S. and Canada. Please see your Lexus dealer for details. **7.** All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. Please see your *Owner's Manual* for further information/warnings. **8.** Bluetooth® technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. **9.** Functioning XM® Radio requires a monthly service fee. Please see your Lexus dealer for further details. Reception of the satellite signal may vary depending on location. All fees and programming subject to change. Subscriptions governed by the XM Customer Agreement available at xmradio.com/serviceterms. Available only in the 48 contiguous United States and DC. **10.** XM NavTraffic® and XM NavWeather™ each require a separate XM subscription. XM Sports and Stocks is available with an XM Radio subscription. After a 90-day complimentary trial, you must set up the appropriate XM subscription(s) to continue receiving these services. The XM NavTraffic, XM NavWeather and XM Sports and Stocks services are available in the 48 contiguous United States and DC. For details about the XM service coverage areas, visit www.xmradio.com or call the XM Listener Care Center at 1-877-515-3987. To receive XM NavTraffic, XM NavWeather and XM Sports and Stocks services, XM service must be activated. To activate the service, call the XM Listener Care Center. Subscriptions are governed by the XM Customer Agreement available at xmradio.com/serviceterms. XM Radio fees, services and programming are subject to change. **11.** The Wide-view Front and Side Monitor does not provide a comprehensive view of the front and side areas of the vehicle. You should also look around outside your vehicle, and use your mirrors to confirm clearance. Cold weather will limit effectiveness and view may become cloudy. **12.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. **13.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important instructions and cautions. **14.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **15.** Headphones are for passenger use only. Do not use while operating vehicle. **16.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **17.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **18.** TORSEN® is a registered trademark of Zexel Torsen, Inc. **19.** Before towing, confirm your vehicle and trailer are compatible, hooked up properly and you have any necessary additional equipment. If gross trailer weight is above 5,000 lb (2,268 kg), it is necessary to use a weight-distributing hitch with sufficient capacity. Do not exceed any Weight Ratings and follow all instructions and cautions from your trailer-hitch manufacturer and vehicle *Owner's Manual*. The maximum amount you can tow depends on the total weight of any cargo, occupants and available equipment. **20.** The LX 570 is designed to meet most off-road driving requirements, but off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Lexus encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. **21.** Measurement of vehicle in Active Height Control (X-AHC) Normal setting. **22.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your *Owner's Manual* for further information. **23.** Active headrests can help reduce the extent of whiplash in certain types of rear-end collisions. **24.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **25.** 20-inch performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles, depending upon driving conditions. **26.** F-Sport Performance Accessories are aftermarket parts and are not Genuine Lexus Parts and, therefore, may not be used in any application that requires the use of Genuine Lexus Parts. F-Sport Accessories are warranted for 12 months from the date of installation or for the balance of the new-car warranty in force at the date of installation, whichever is greater, when installed by an authorized Lexus dealer. This warranty does not cover maintenance services such as replacement of brake pads/linings and clutch linings. This warranty does not cover noise, vibration, cosmetic conditions and other deterioration caused by normal wear and tear. F-Sport Accessories installed by anyone other than an authorized Lexus dealer are warranted for 12 months from the date of purchase only, and the warranty coverage is limited to the replacement value of the F-Sport Accessory. This warranty does not cover maintenance services such as replacement of brake pads/linings and clutch linings. This warranty does not cover noise, vibration, cosmetic conditions and other deterioration caused by normal wear and tear. Part failure caused by improper installation by anyone other than an authorized Lexus dealer may void the F-Sport Accessory warranty, the new-vehicle warranty or both. **27.** F-Sport is a trademark of Toyota Motor Corporation. All information herein is based on data available at time of printing and is subject to change without notice. F-Sport accessories are available exclusively through participating Lexus dealers. See dealers for more detailed information. **28.** 22-inch performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 15,000 miles, depending upon driving conditions. **29.** EPA-estimated ratings. Actual mileage will vary. **30.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **31.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **32.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or SmartAccess fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key or SmartAccess fob, it can be costly to replace. If you lose a key or SmartAccess fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local *Yellow Pages* or by contacting www.yaloo.org. **33.** Accessory roof rack with rails not recommended for luggage. **34.** Roof rack capacity is 130 lb. Please see *Owner's Manual* for details. **35.** The Lexus Personalized Settings (LPS) Program is a one-time, complimentary offer for the first 12 months from the date the vehicle is sold. Please see your Lexus dealer for more information. **36.** iPod® is a registered trademark of Apple Inc. All rights reserved. **37.** Bluetooth® audio device must be enabled with A2DP and AVRCP. **38.** HAC is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **39.** The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your *Owner's Manual* for details. **40.** Trailer ball shown with ball mount. Both accessories sold separately. **41.** Currently available PPO. Ask your Dealer Sales Consultant for vehicle application. **42.** Continuous average power, all channels driven, at less than 0.1% THD; 20-20,000 Hz.

*Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at the time of printing, are subject to change without notice, are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
