

ALL-NEW BLAZER 2019

CHEVROLET

Blazer RS in Red Hot with available features including 21-inch wheels.

POETRY IN MOTION.

Words can barely describe the 2019 Blazer, an all-new midsize sport utility vehicle with an iconic name. Sculpted and stylish with a roomy, driver-centric interior, this two-row SUV has the soul of a sports car.

With a lineup that ranges from the well-equipped Blazer to the sport-tuned RS to the sophisticated and upscale Premier, every design-focused trim features its own unique personality and look.

Combine that attention-grabbing style with an available 305-horsepower V6, and it's easy to see why Blazer is designed to leave you speechless.

FIND NEW ROADS™

EXTERIOR DESIGN

LOOKS THAT THRILL. Angular and aggressive, boasting a design appeal that draws on the Chevrolet performance heritage, Blazer brings a bold new look to the sport utility segment. With a sleek front end and lean, muscular profile, there's no denying its powerful presence.

AESTHETICALLY AERODYNAMIC. Blazer slices through the air with a unique front corner execution, curved roof and carefully tuned roof spoiler that help control and direct airflow over the vehicle. Electronically controlled shutters in the grille help increase aerodynamic efficiency at highway speeds.

LET THEM KNOW YOU'VE ARRIVED. Ultra-thin LED daytime running lamps above the headlamps provide an eye-catching look any time of day. High-intensity discharge (HID) headlamps offer crisp, bright illumination.

1

1. THE ART OF A MEMORABLE EXIT.

LED taillamps wrap around the liftgate and bodysides, offering a high-tech look to the rear. A distinctive double-Y pattern gives Blazer an appearance that can't be ignored.

2. TWICE AS NICE. A dual-outlet exhaust is standard, with a look that changes to match the trim. Blazer features rounded outlets, while RS (shown here) showcases rectangular outlets and Premier has outlets that are integrated through the fascia for an upscale appearance.

2

BLAZER PREMIER

SUPREMELY STYLISH, PREMIER LIVES UP TO ITS NAME. THIS TRIM OFFERS:

SIGNATURE BRIGHT CHROME-ACCENTED GRILLE WITH CHROME HEADER

SILVER ROOF RAILS AND CHROME-ACCENTED DOOR HANDLES

20-INCH MACHINED-FACE ALUMINUM WHEELS WITH MEDIUM ANDROID-PAINTED POCKETS OR AVAILABLE 21-INCH PEARL NICKEL-PAINTED ALUMINUM WHEELS (SHOWN)

INTEGRATED RECTANGULAR DUAL-OUTLET EXHAUST WITH BRIGHT TIPS

3.6L V6 ENGINE

JET BLACK OR PREMIER-EXCLUSIVE JET BLACK/MAPLE SUGAR INTERIOR

PERFORATED LEATHER-APPOINTED SEATING SURFACES WITH SUEDED MICROFIBER INSERTS

HEATED AND VENTILATED FRONT SEATS AND HEATED REAR OUTBOARD SEATS

Blazer Premier in Silver Ice Metallic with available features including 21-inch wheels.

Blazer Premier interior in Jet Black with available features.

THE ULTIMATE IN EVERYDAY LUXURY.

THE ESSENCE OF PREMIER. Featuring perforated leather-appointed seating surfaces with sueded microfiber inserts, Premier lives up to its name. Chrome touches are found throughout, and bright front sill plates add an air of sophistication as you enter and exit.

DESIGNED FOR DRIVERS. With its driver-focused interior, Blazer invites

you to take the wheel. Controls, switches and features are within easy reach and where you expect them to be. Camaro-inspired air outlets feature rotating dials for quicker, intuitive climate control.

HANDS-ON COMFORT. An automatic heated steering wheel is standard on RS and Premier. Whenever the vehicle is on, the steering wheel senses the interior

temperature and cycles on or off as necessary. The cabin provides comfort for everyone with standard dual-zone climate controls and two rear-seat vents.

A LIGHT TOUCH. On RS and Premier, True White ambient light pipes on the passenger side and below the front door handles are functional and sophisticated, and LED lighting in the center console

adds a touch of class. And every Blazer features multiple True White backlit switches and USB ports!

THE SHOW MUST GO ON. A Bose premium 8-speaker audio system is standard on Premier, bringing high-quality sound wherever you travel. Available on Blazer and RS.

¹ Not compatible with all devices.

BLAZER RS

STREET-INSPIRED AND READY TO ROLL, RS LOOKS LIKE IT'S IN MOTION EVEN WHEN IT'S STANDING STILL. THIS TRIM OFFERS:

CUSTOM BLACK MESH GRILLE WITH GLOSS BLACK HEXAGONAL DESIGN, BLACK ICE CHROME HEADER BAR, RS BADGING AND BLACK BOWTIE EMBLEM, AND BLACK ROOF RAILS

20-INCH MACHINED-FACE ALUMINUM WHEELS WITH DARK ANDROID-PAINTED POCKETS OR AVAILABLE 21-INCH GLOSS BLACK-PAINTED ALUMINUM WHEELS (SHOWN)

RECTANGULAR DUAL-OUTLET EXHAUST WITH BRIGHT TIPS

3.6L V6 ENGINE

RS-EXCLUSIVE INTERIOR WITH RED ACCENTS

HEATED FRONT SEATS

Blazer RS in Red Hot with available features including 21-inch wheels.

Blazer RS interior in Jet Black with Red accents.

THE HEART OF RS. A Jet Black interior with leather-appointed seating surfaces welcomes you into RS. Perforations in the seat cushions reveal Red accents. The theme continues with Red piping on the seats and Red-tinted chrome on the circular air vents and shift knob.

A WARM EMBRACE. Heated front seats are standard on RS and Premier. The comfort level is raised even higher on Premier with standard ventilated front

seats and heated rear outboard seats, features that are available on RS.

A MOVE IN THE RIGHT DIRECTION. The second-row seat slides up to 5.5 inches forward or rearward to provide more passenger room or additional cargo space. Each rear seat also reclines for added comfort or folds flat to create room for longer, larger items.

USE YOUR INSIDE VOICE. Active Noise Cancellation uses sound waves to help counteract unwanted engine noise. Combined with a honed exterior that helps reduce wind noise and numerous other acoustic enhancements, Blazer is a quiet place for a conversation, whether you're using the hands-free phone function or talking to people in the second row.

DON'T FORGET YOUR LAPTOP. Rear Seat Reminder¹ provides alerts to double-check for valuable items left behind. It activates when the rear doors are opened and closed up to 10 minutes before or anytime while your vehicle is on, so when you turn off the vehicle under certain conditions, a chime sounds and a message appears in the Driver Information Center.

¹ Does not detect people or items. Always check rear seat before exiting.

BLAZER

MODERN AND MUSCULAR, BLAZER IS THE SUV YOU'VE BEEN WAITING FOR. IT OFFERS:

SIGNATURE BLACK GRILLE WITH CHROME HEADER

18-INCH BRIGHT SILVER-PAINTED ALUMINUM WHEELS OR AVAILABLE 20-INCH BRIGHT SILVER-PAINTED ALUMINUM WHEELS (SHOWN)

ROUNDED DUAL-OUTLET EXHAUST

BODY-COLOR DOOR HANDLES

2.5L 4-CYLINDER ENGINE OR AVAILABLE 3.6L V6 ENGINE

JET BLACK PREMIUM CLOTH OR AVAILABLE DARK GALVANIZED/LIGHT GALVANIZED PREMIUM CLOTH INTERIOR

PREMIUM CLOTH OR AVAILABLE PERFORATED LEATHER-APPOINTED SEATING SURFACES

Blazer in Graphite Metallic with available features including 20-inch wheels.

Blazer in Graphite Metallic with available features including 20-inch wheels.

PERFORMANCE

PREPARE FOR LAUNCH.

Blazer RS in Red Hot with available features including 21-inch wheels.

AVAILABLE 3.6L V6 ENGINE. This engine has performance in its DNA and loads of acceleration, plus an EPA-estimated 20 MPG city/26 highway. Standard on RS and Premier; available on Blazer. Trims equipped with this engine and available all-wheel drive can tow up to 4,500 lbs¹

2.5L ENGINE. The standard engine on Blazer delivers the power and efficiency you want and need. It generates 193 horsepower and 188 lb.-ft. of torque and also offers an EPA-estimated 22 MPG city/27 highway.

EFFICIENCY IN ACTION. Each Blazer engine is paired with a smooth-shifting, highly efficient 9-speed automatic transmission. Fuel-saving² features such as Variable Valve Timing, Direct Injection and intelligent stop/start technology are also standard.

ALL-WHEEL DRIVE. Conventional AWD, available on Blazer V6 trims, gives you added confidence in a variety of conditions. RS and Premier trims offer the Advanced AWD system, which helps further improve driver control by independently directing torque through a twin-clutch rear axle design that directs torque to the rear wheel with the best traction in poor road conditions.

SELECT YOUR DRIVE MODE. You can adjust performance based on road and surface conditions with the simple turn of the dial – whether you have front-wheel drive or available all-wheel drive. Up to five modes are available: TOUR is your setting for everyday driving and the best fuel efficiency;² SPORT brings performance and handling to the forefront; OFF-ROAD is only for AWD models and sends more torque to the rear wheels for improved driving on snow, grass, gravel or loose dirt; 4WD (AWD) or SNOW/ICE (FWD) helps offer better control when snow and ice make road conditions slippery; and TOW/HAUL (AWD) helps keep Blazer in a lower gear, offering more torque when you're pulling a trailer.

AUTO-DRY BRAKES. When the windshield wipers are activated, this standard feature automatically positions the brake pads closer to the rotors to sweep away moisture and help improve brake performance. Blazer also features front and rear disc brakes with large Duralife[®] rotors and 4-channel antilock brakes.

STRONG, YET SILKY SMOOTH. Premium high-strength steel and extensive computer-aided engineering are the building blocks for the Blazer body structure. But the bottom line is this: Blazer has been optimized for durability, stiffness and safety, with the ability to deliver excellent handling and road feel. Enjoy the ride.

¹ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ² EPA-estimated 22 MPG city/27 highway (2.5L FWD), 20 MPG city/26 highway (3.6L FWD) and 18 MPG city/25 highway (3.6L AWD).

CAPABILITY

Blazer Premier in Silver Ice Metallic with available features.

ALL THIS, AND GOOD LOOKS TOO.

Style may be a Blazer calling card, but capability wasn't an afterthought. A loaded full-size golf bag can fit horizontally across the cargo area. For even larger items, fold the rear seats down and you'll have 64.2 cubic feet of cargo space!

AVAILABLE CARGO MANAGEMENT

SYSTEM. A sturdy floor-mounted rail system with an easily adjustable cargo fence helps keep cargo secure as you pursue your next adventure. This Chevrolet first is standard on RS and Premier.

The Flexible Cargo Partition and Horizontal Cargo Net – available from Chevrolet Accessories – work with the Cargo Management System and help prevent items like groceries, gardening tools and golf equipment from shifting.

THERE'S A PLACE FOR THAT. Take just about everything with you, thanks to two-tier storage solutions in the front doors, bins under the armrest and around the interior, four cup holders, and a bottle holder in each door. In the cargo area, push hooks help secure grocery bags, and a hidden space beneath the floor can hold a laptop or a purse.

¹ Cargo and load capacity limited by weight and distribution.

1

1. THE EASY WAY TO ENTER.

The available power liftgate makes accessing your gear as simple as touching a button on the key fob or inside on the driver door. For added convenience, Keyless Open and Start is standard on all trims.

2. PUT YOUR BEST FOOT FORWARD.

Open and close the hands-free gesture power liftgate by simply using a gentle kicking motion under the rear bumper. LED lighting projects the Chevrolet bowtie emblem so that you'll know just where to kick. Standard on RS and Premier only.

2

3

3. ELECTRONIC LOCKING GLOVE BOX.

The glove box in Blazer is large enough to hold a handbag, but it holds a secret as well. You can use the touch-screen display to enter a four-digit passcode and help keep your precious cargo secure.

TECHNOLOGY

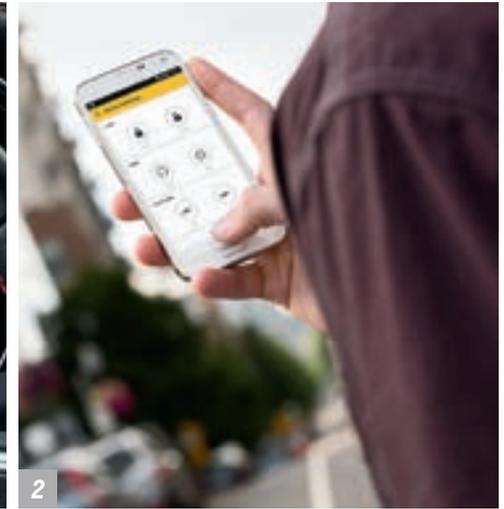

1. CHOOSE YOUR VIEW. An 8-inch diagonal customizable Driver Information Center is included on RS and Premier. You can change the theme of the information in the middle of the gauge cluster so that data on fuel, trailer settings, phone features and more displays the way you want it. All other trims are equipped with a 4.2-inch diagonal screen.

2. myChevrolet MOBILE APP!

Simply download the app to your compatible smartphone and if your vehicle is properly equipped, you can start or stop your engine, lock or unlock your doors² (requires paid subscription after trial), send destinations to your available navigation³ system, view key vehicle diagnostic information,⁴ set parking reminders and more. Requires available Remote Access Plan⁵

3. SMARTPHONE COMPATIBILITY.

With Apple CarPlay⁶ and Android Auto⁷ compatibility, you can simply and smartly interact with some of your most used smartphone features, right on your vehicle's touch-screen display.

¹ Available on select Apple and Android devices. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Device data connection required. Visit onstar.com for details and limitations. ² Requires paid plan. Lock/unlock feature requires automatic locks. Remote start requires GM factory-installed and enabled remote start system. Visit onstar.com for details and limitations. ³ Requires paid plan and properly equipped vehicle. Mobile app functionality is available on select devices and requires data connection. Map coverage available in the United States, Puerto Rico and Canada. Visit onstar.com for details and limitations. ⁴ Diagnostic capabilities vary by model and plan. Message and data rates may apply. Requires contact method on file and enrollment to receive alerts. Not all issues deliver alerts. ⁵ Remote Access Plan does not include emergency or security services. Visit onstar.com for details and limitations. ⁶ Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. ⁷ Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates apply.

Apple CarPlay and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android, Android Auto, Google, Google Play and other marks are trademarks of Google LLC.

INFORMED AND ENTERTAINED.

Like a well-designed smartphone, the Chevrolet Infotainment 3 System¹ with a standard 8-inch diagonal touch-screen display on every model is intuitive and easy to use. Response times are quick and voice-activated technology allows the driver's focus to stay where it should be – on the road ahead.

TIRE FILL ALERT. A Tire Pressure Monitoring System will warn you if the pressure in any tire is too low, but we've taken the technology a step forward. When you add air to the underinflated tire, the turn signal will flash. Once the recommended pressure is reached, the horn sounds and the turn signal lamp will briefly turn solid.

HITCH GUIDANCE WITH HITCH VIEW.² This available feature uses HD Rear Vision Camera² overlays to help align your Blazer with a trailer, and adds automatic camera zoom capability with pan and tilt functionality. In addition, it provides a camera view so you can briefly check on your trailer as you drive.

¹ Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.
² Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

HD SURROUND VISION. This available feature can help make parallel parking and maneuvering at low speeds into tight spaces easy. That's because you get two views when you look at just one screen. Using four strategically placed

cameras, HD Surround Vision creates a virtual bird's-eye view of the scene around your Blazer. All camera viewpoints merge to transmit a clear side-by-side image to the display screen.

ONSTAR AUTOMATIC CRASH RESPONSE! In a crash, built-in sensors can automatically connect you to a specially trained Emergency Medical Dispatch-certified Advisor² who can help you get the assistance you need – even if you

can't ask for it. Advisors can use GPS technology to pinpoint your vehicle's location and request emergency help. OnStar Automatic Crash Response is included in the available OnStar Safety & Security Plan.¹

¹ OnStar plan, working electrical system, cell service and GPS signal required. OnStar links to emergency services. Visit onstar.com for details and limitations. ² OnStar Advisors are certified by the International Academies of Emergency Dispatch.

1

1. **THE STRENGTH AROUND YOU.**

Blazer is equipped with a safety cage containing an extensive amount of high-strength and ultra-high-strength steel and seven standard airbags!

2

2. REAR CAMERA MIRROR. This available technology displays a wider, less obstructed field of view compared to a traditional inside rearview mirror. The driver can easily toggle between the mirror surface and a video that provides a view without the obstruction of head restraints, rear-seat passengers or cargo to assist when driving, changing lanes, and checking for vehicles and traffic conditions.

3

3. TEEN DRIVER. This technology helps encourage better driving habits by providing an in-vehicle report card that monitors the activation frequency of certain available safety technology features, muting the audio system when front-seat occupants aren't wearing their seat belts, and giving audible and visual warnings when the vehicle is traveling over a predetermined speed.

1 A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and the child safety seat instructions for more safety information.

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

SAFETY

SAFETY STARTS WITH YOU. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

WE'RE SERIOUS ABOUT SAFETY.

ADAPTIVE CRUISE CONTROL – ADVANCED.

Available on RS and Premier, with this feature your cruise control speed is automatically adapted in order to maintain a driver-selected following gap to vehicles detected ahead while you steer.

FRONT PEDESTRIAN BRAKING.

At speeds up to 50 mph, a forward-looking camera surveys the road ahead and if the available system detects a pedestrian, it can alert the driver and may even automatically apply the brakes if the driver has not already done so. Available on RS and Premier.

FORWARD AUTOMATIC BRAKING.

Available radar-based Forward Automatic Braking can help mitigate collisions or even prevent them at very low speeds. If the system detects an imminent front-end collision with a detected vehicle, it can alert you and can automatically apply the brakes if you have not already done so. Available on RS and Premier.

FORWARD COLLISION ALERT AND FOLLOWING DISTANCE INDICATOR.

This available feature monitors how close your vehicle is to the detected vehicle in front of you. If the system determines that a front-end collision is imminent it can alert the driver to a

LANE KEEP ASSIST WITH LANE DEPARTURE WARNING.

At speeds above 37 mph, this available camera-based system monitors road lines and can gently turn the steering wheel to help keep the vehicle in its lane if the vehicle begins leaving the lane without the use of a turn signal. The system can also provide lane departure alerts if the detected lane lines are crossed. Available on RS and Premier.

LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT. With this available feature, radar sensors in the rear corners of the vehicle can help detect fast-approaching vehicles in the adjacent lanes as well as moving vehicles in the side mirror blind zones. Amber icons in the exterior mirrors indicate a vehicle's presence.

REAR CROSS TRAFFIC ALERT.

Using radar sensors, this available feature can alert you to crossing vehicles behind your Blazer when backing up. Audible warnings, as well as visual alerts on the Rear Vision Camera screen, are triggered if approaching vehicles are detected.

HD REAR VISION CAMERA.

When traveling in Reverse at low speeds, the standard HD Rear Vision Camera helps provide a real-time view of the area immediately behind your Blazer on the touch-screen display.

REAR PARK ASSIST. This available feature helps you when backing up by sounding an audible alert and providing visual indication on the Rear Vision Camera display when it detects certain stationary objects in close proximity behind the vehicle.

INTELLIBEAM HEADLAMPS.

When oncoming headlamps are sensed or when taillamps are detected in front of the vehicle, the available IntelliBeam® high beam assist intuitively adjusts between low and high beams. Available on RS and Premier.

SAFETY ALERT SEAT. This available seat uses directional vibration pulses from the driver seat cushion instead of audible crash avoidance alerts to help indicate the direction of potential collision threats. This patented warning approach is tied into certain other available onboard crash avoidance systems. Available on RS and Premier.

Blazer Premier in Silver Ice Metallic with available features including 21-inch wheels.

¹ Read the vehicle Owner's Manual for important feature limitations and information. ² A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and the child safety seat instructions for more safety information. ³ OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Roadside services provided by Allstate Roadside Services for vehicles only. Limitations and restrictions apply. Stolen Vehicle Assistance requires armed GM factory-installed theft-deterrent system, contact method on file and enrollment to receive alerts. Additional messaging and data rates may apply. Services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss. Visit onstar.com for details and limitations. ⁴ Advisor-based Turn-by-Turn Navigation is subject to User Terms and limitations, and varies by vehicle model. Map coverage available in the United States, Puerto Rico and Canada. ⁵ Does not detect people or items. Always check rear seat before exiting.

NEW VEHICLE LIMITED WARRANTY

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY Chevrolet will warrant each 2019 Blazer from bumper to bumper for 3 years/36,000 miles (whichever comes first; see dealer for details), with no deductible, from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship. Cosmetic corrosion resulting from defects is also covered under the Bumper-to-Bumper Limited Warranty. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first). See dealer for details.

5-YEAR/60,000-MILE TRANSFERABLE POWERTRAIN LIMITED WARRANTY Every 2019 Blazer comes with a 5-year/60,000-mile (whichever comes first) transferable Powertrain Limited Warranty. 24/7 Roadside Assistance and Courtesy Transportation are also offered for the duration of the Powertrain Limited Warranty. Please see your Chevrolet dealer for details.

¹ Maintenance visit must occur within first year of vehicle delivery. Service visit consists of ACDelco dexos1™ Full Synthetic Oil and Filter Change/Tire Rotation/MPVI. Does not include air filters. See participating dealer for other restrictions and complete details. ² Whichever comes first. See dealer for details. ³ Roadside service provided by Allstate Roadside Services. Limitations apply. ⁴ Standard connectivity available only to original purchaser for 10 years. Services enabled by Connected Access are subject to change. Does not include emergency or security services. Diagnostic capabilities vary by model and service plan. Message and data rates may apply. Requires contact method on file and enrollment to receive alerts. Not all issues will deliver alerts. Visit onstar.com for details and limitations. ⁵ Connected Services include navigation services and Remote Access Plan, and 1 month or 3 GB of 4G LTE data (whichever comes first) from vehicle delivery date. Data plans offered by AT&T. Services are subject to User Terms and limitations. Certain services require working electrical system, cell service and GPS signal. OnStar links to emergency services. Visit onstar.com for coverage map, details and system limitations. ⁶ Requires available trailering equipment. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ⁷ Cargo and load capacity limited by weight and distribution.

IMPORTANT INFORMATION

CHEVROLET CONNECTED SERVICES AND ONSTAR Effective May 1, 2018, available Chevrolet Connected Services have changed significantly. While many of the offered services are the same, available plans and pricing are different. Connected vehicle services require a paid connected vehicle services plan or trial and connected hardware, vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Visit onstar.com for coverage map, details and system limitations.

CHEVROLET OWNER CENTER (MY.CHEVROLET.COM) Everything you need to know. Anything you need to do. Your Chevrolet Owner Center makes it easy. Create your account today to get the most out of your new vehicle. Get special alerts and offers, schedule service, review your maintenance schedule, and view how-to videos specifically for your vehicle. All online, anytime. Visit the Owner Center today to register or take a tour.

ENGINES Chevrolet products are equipped with engines produced by GM Global Propulsion Systems or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

A NOTE ON CHILD SAFETY Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and the child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment,

specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid SUV-Crossover segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

CHEVROLET OWNERSHIP EXPERIENCE Chevrolet is committed to enhancing the vehicle shopping and ownership experience through a wide array of programs. Visit chevrolet.com to build and price, find a vehicle, request a quote, compare vehicles, find financial tools or track your vehicle order. You'll also find information about 24-hour Roadside Assistance, Courtesy Transportation, Customer Assistance, GM Mobility, safety and current incentives.

CHEVROLET.COM/SAFETY Chevrolet is committed to keeping you and your family safe – from the start of your journey to your destination. That's why every Chevrolet is designed with a comprehensive list of safety and security features to help give you peace of mind.

GMMOBILITY.COM (1-800-323-9935) GM MobilitySM offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

THE BUYPOWER CARD The Chevrolet BuyPower Card – Every purchase you make with the BuyPower Card from Capital One* helps you earn toward an eligible new Chevrolet, Buick, GMC or Cadillac vehicle. There's no limit on the amount you can earn or redeem, and your Earnings don't expire. Visit chevroletbuypowercard.com/catalogs.

* Capital One, N.A. is the issuer of the BuyPower Card. General Motors ("GM") is responsible for the operation and administration of the Earnings program.
