Sierra HD gets its heavy-duty power from a proven source: the available Duramax 6.6L V8 Turbo Diesel with 910 lb-ft of torque and 445 hp under your right foot. Prefer your power gasoline-fueled? Sierra HD comes standard with the force and efficiency of our 360-hp Vortec 6.0L V8.

A STRUCTURE OF STRENGTH

Sierra HD offers a steering system smart enough to tailor its response to your unique driving situation, in real time. Available Digital Steering Assist senses speed—especially important when trailering—to enable ease of handling at low speeds and improved steering feel at highway speeds. It also changes when the Tow/Haul button is activated, providing additional assist at reduced speeds and less assist at highway cruising speeds.

OUR REPUTATION FOLLOWS US

NO MATTER WHAT, WHERE OR WHY YOU'RE TRAILERING, SIERRA HD SHOULD BE THE HOW. BECAUSE WE'RE NOT ONLY BUILDING HEAVY-DUTY TRAILERING MACHINES, WE'RE ALL ABOUT BUILDING CONFIDENCE IN THOSE WHO DRIVE THEM.
